Members heard that the Economic Growth Plan was a key plan in the Council Plan 2022–2025 supporting the priority 'enabling economic growth and renewal'.

The Council was currently working to an Economic Growth Plan covering the period 2018-2023. It was supplemented in 2021 with the North Lincolnshire Economic Renew Plan, a two-year plan focused to address the challenges of Covid 19. However, to ensure that activities remained focused that would enable economic growth and renewal, a new Economic Growth Plan spanning the period 2023-2028 was proposed.

The draft Economic Growth Plan presented the vision for North Lincolnshire. It identified future priorities and desired outcomes which were based on evidence collated from business engagement and surveys, data research and analysis and assessment of national, regional and local policy context. Oversight and development of the plan had taken place through internal working groups and had been driven by the Economic Executive Group who would continue to have oversight of the delivery of the Economic Growth Plan.
