***Board Assurance Framework (BAF) Descriptions:**

1.	To give great care
1.1	To ensure the best possible experience for the patient, focussing always on what matters to the patient. To seek always to learn and to improve so that what is offered to patients gets better every year and matches the highest standards internationally. <u>Risk to Strategic Objective:</u> The risk that patients may suffer because the Trust fails to deliver treatment, care and support consistently at the highest standard (by international comparison) of safety, clinical effectiveness and patient experience.
1.2	To provide treatment, care and support which is as safe, clinically effective, and timely as possible. <u>Risk to Strategic Objective:</u> The risk that the Trust fails to deliver constitutional and other regulatory performance targets which has an adverse impact on patients in terms of timeliness of access to care and/or risk of clinical harm because of delays in access to care.
1.3	To engage patients as fully as possible in their care, and to engage actively with patients and patient groups in shaping services and service strategies. To transform care over time (with partners) so that it is of high quality, safe and sustainable in the medium and long term. <u>Risk to Strategic Objective:</u> The risk that the Trust (with partners) will fail to develop, agree, achieve approval to, and implement an effective clinical strategy (relating both to Humber Acute Services and to Place), thereby failing in the medium and long term to deliver care which is high quality, safe and sustainable.
1.4	To offer care in estate and with engineering equipment which meets the highest modern standards. <u>Risk to Strategic Objective:</u> The risk that the Trust's estate, infrastructure and engineering equipment may be inadequate or at risk of becoming inadequate (through poor quality, safety, obsolescence, scarcity, backlog maintenance requirements or enforcement action) for the provision of high quality care and/or a safe and satisfactory environment for patients, staff and visitors.
1.5	To take full advantage of digital opportunities to ensure care is delivered as safely, effectively and efficiently as possible. <u>Risk to Strategic Objective:</u> The risk that the Trust's digital infrastructure (or the inadequacy of it) may adversely affect the quality, efficacy or efficiency of patient care and/or use of resources, and/or make the Trust vulnerable to data losses or data security breaches.
1.6	To provide treatment, care and support which is as safe, clinically effective, and timely as possible. <u>Risk to Strategic Objective:</u> The risk that the Trust's business continuity arrangements are not adequate to cope without damage to patient care with major external or unpredictable events (e.g. adverse weather, pandemic, data breaches, industrial action, major estate or equipment failure).
2.	To be a good employer
2.	To develop an organisational culture and working environment which attracts and motivates a skilled, diverse and dedicated workforce, including by promoting: inclusive values and behaviours, health and wellbeing, training, development, continuous learning and improvement, attractive career opportunities, engagement, listening to concerns and speaking up, attractive remuneration and rewards, compassionate and effective leadership, excellent employee relations. <u>Risk to Strategic Objective:</u> The risk that the Trust does not have a workforce which is adequate (in terms of diversity, numbers, skills, skill mix, training, motivation, health or morale) to provide the levels and quality of care which the Trust needs to provide for its patients.
3.	To live within our means
3.1	To secure income which is adequate to deliver the quantity and quality of care which the Trust's patients require while also ensuring value for money for the public purse. To keep expenditure within the budget associated with that income and also ensuring value for money. To achieve these within the context of also achieving the same for the Humber Coast and Vale HCP. <u>Risk to Strategic Objective:</u> The risk that either the Trust or the Humber Coast and Vale HCP fail to achieve their financial objectives and responsibilities, thereby failing in their statutory duties and/or failing to deliver value for money for the public purse.
3.2	To secure adequate capital investment for the needs of the Trust and its patients. <u>Risk to Strategic Objective:</u> The risk that the Trust fails to secure and deploy adequate major capital to redevelop its estate to make it fit for purpose for the coming decades.
4.	To work more collaboratively
4.	To work innovatively, flexibly and constructively with partners across health and social care in the Humber Coast and Vale Health Care Partnership (including at Place), and in neighbouring Integrated Care Systems, and to shape and transform local and regional care in line with the NHS Long Term Plan. <u>Risk to Strategic Objective:</u> The risk that the Trust is not a good partner and collaborator, which consequently undermines the Trust's or the healthcare systems collective delivery of: care to patients; the transformation of care in line with the NHS Long Term Plan; the use of resources; the development of the workforce; opportunities for local talent; reduction in health and other inequalities; opportunities to reshape acute care; opportunities to attract investment.
5.	To provide good leadership
5.	To ensure that the Trust has leadership at all levels with the skills, behaviours and capacity to fulfil its responsibilities to its patients, staff, and wider stakeholders to the highest standards possible. <u>Risk to Strategic Objective:</u> The risk that the leadership of the Trust (from top to bottom, in part or as a whole) will not be adequate to the tasks set out in its strategic objectives, and therefore that the Trust fails to deliver one or more of these strategic objectives

Case for Change: Proposal to Move to a Group Leadership Model

November 2022

Executive summary

A message from our Chair: Sean Lyons

Both Hull University Teaching Hospitals NHS Trust (HUTH) and Northern Lincolnshire and Goole NHS Foundation Trust (NLaG) are committed to working collaboratively to deliver more for the populations we serve with a focus on improving clinical outcomes, reducing inequalities of access and addressing the known workforce and building infrastructure challenges. Many of our patient pathways are shared and both Trusts have been supporting the Humber Acute Services Review (HASR). Fragile services are being strengthened collaboratively and several support services have been combined to improve efficiency and effectiveness.

Despite the benefits and progress seen to date, both Trust Boards agree that we need to increase our levels of collaboration if we are to respond to the challenges we face and deliver the required change at pace. It is also recognised that there is a limit to what can be achieved in the current organisational context within HUTH and NLaG with separate leadership teams, strategies, and governance mechanisms.

Over the last few months we have been considering how we can build on the work we have undertaken to date to further strengthen the collaboration between the two Trusts and importantly maximise the benefits for patients and staff. Following evaluation of a number of options, both Trust Boards have concluded that the move to a Group leadership model is the best way to deliver the benefits we have committed to. The proposal to move to a Group leadership model would see the implementation of a joint Group Chief Executive and single Executive leadership team and aligned governance and decision-making, whilst retaining the sovereignty of both organisations. We believe that, through this approach, we can deliver better, more equitable and quicker care for patients, provide greater opportunities for staff and meet more of the national targets we are set.

This paper sets out the Case for Change including the options considered, the benefits of the preferred and recommended option and the proposed timeline for implementation as well as details of stakeholder engagement and communications.

I firmly believe that we have to move forward in this way and I fully commend this proposal.

Our organisations: a summary

The combined strength of HUTH and NLaG is that of a major teaching hospital – c£1.3bn with more than 16,000 employees

Hull University Teaching Hospitals NHS Trust (HUTH)

HUTH is situated in the geographical area of Kingston upon Hull and the East Riding of Yorkshire. HUTH employs c9,900 staff, has an annual turnover of £808m (2021/22) and operates from two main sites - Hull Royal Infirmary and Castle Hill Hospital – whilst delivering a number of outpatient services from locations across the local health economy area.

HUTH's secondary care service portfolio is comprehensive, covering the major medical and surgical specialties, routine and specialist diagnostic services and other clinical support services. These services are provided primarily to a catchment population of approximately 600,000 in the Hull and East Riding of Yorkshire area.

HUTH provides specialist and tertiary services to a catchment population of between 1.05 million and 1.25 million extending from Scarborough in North Yorkshire to Grimsby and Scunthorpe in North East and North Lincolnshire respectively. The only major services not provided locally are transplant surgery, major burns and some specialist paediatric services. HUTH is designated as a Cancer Centre, Cardiac Centre, Vascular Centre and a Major Trauma Centre. HUTH is a university teaching hospital and a partner in the Hull York Medical School.

Northern Lincolnshire and Goole NHS Foundation Trust (NLaG)

NLaG covers the geographic areas of North and North East Lincolnshire and parts of East Riding of Yorkshire. The Trust employs c6,600 staff and has an annual turnover of c £496m. The Trust operates from three geographic sites – Diana Princess of Wales Hospital (Grimsby), Scunthorpe General Hospital (Scunthorpe) and Goole District Hospital (Goole).

NLaG is not only a secondary care provider but also a community provider within the North Lincolnshire area. The Trust provides all District General Hospital services across its three sites serving a catchment population of c450,000

Both HUTH and NLaG work collaboratively with their local health and care partners and are “Anchor” organisations within their local communities

Our Strategic Vision and Objectives align and focus on our commitments to care, staff and collaboration

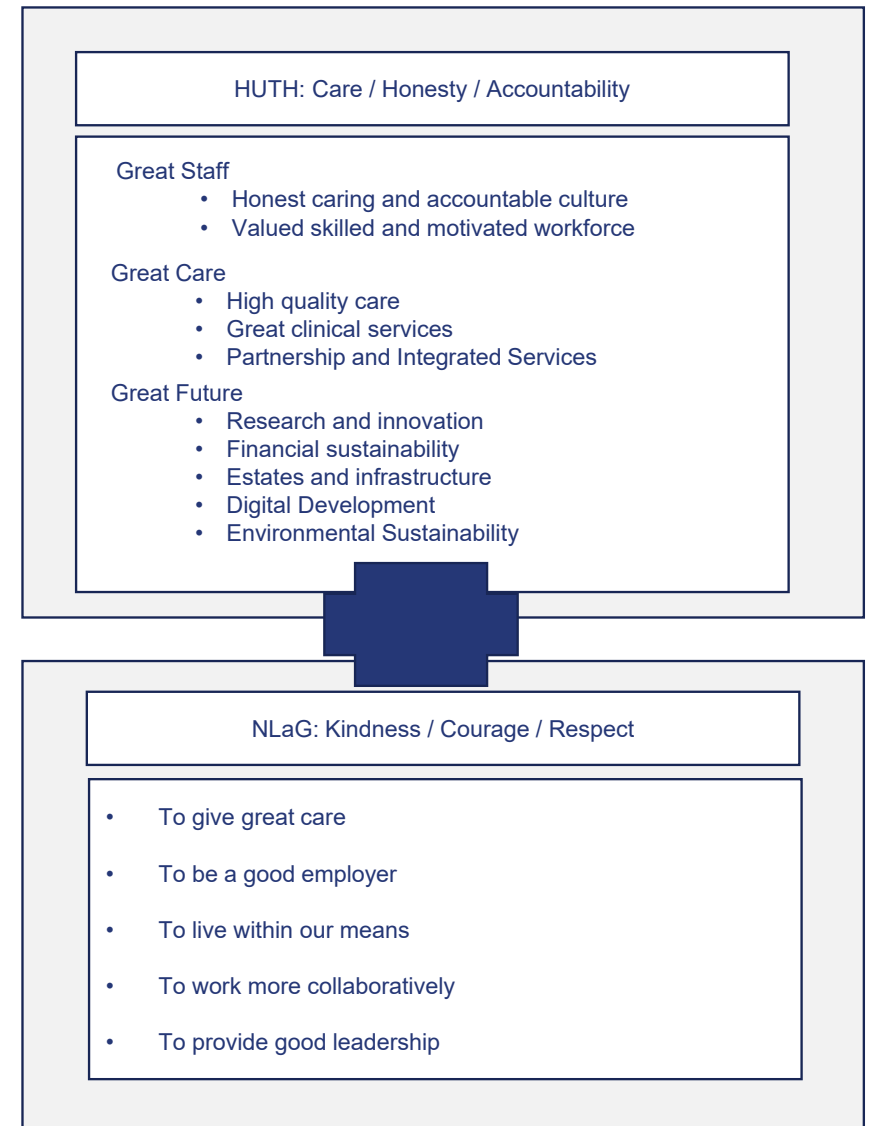

Both HUTH and NLaG have invested time in working with staff, patients and partners to develop their Vision, Values, Strategic Objectives and Priorities over the past few years

Both Trust highlight their joint commitment to:

- Delivering high quality care
- Developing the skills of their workforce
- Organisational sustainability
 - Financial performance
 - Workforce
 - Infrastructure
- Working collaboratively

Both Trusts have identified a range of strategic priorities that they have committed to deliver before 2025. These are summarised on the following page and highlight our joint commitments to:

- Service transformation and change
- Partnership working and collaboration
- Ensuring that our organisations have a long term future

**A strong track record of
successful collaboration**

HUTH and NLaG - successful collaboration

The hospitals on either side of the Humber have been working ever more closely together for the last 25 years, ever since Cancer services at Castle Hill Hospital began to provide radiotherapy and other complex care for patients from Northern Lincolnshire and the Goole area.

This continued in the 2000s, with the establishment of Trauma Centres all over the country whose purpose was to improve dramatically the survival rates of people in major accidents and other traumatic events. Hull Royal Infirmary was designated as the Trauma Centre for a wide geography, including Northern Lincolnshire and for the last 15 years, people from Northern Lincolnshire and the Goole area have benefited from the service that they have provided, with better outcomes following major trauma.

The journey towards ever closer collaboration – for the benefit of patients - continued in 2018, with the establishment of the Humber Acute Service Review (HASR), jointly led by the Chief Executives of Hull University Teaching Hospitals (HUTH) and Northern Lincolnshire and Goole NHS Foundation Trust (NLaG), together with the Accountable Officers at the four Humber Clinical Commissioning Groups. HASR has done much work in thinking through how, by working together, the five Humber hospitals, with health and care partners outside hospital, can improve the care and waiting times and other important issues for patients from both sides of the Humber, and also provide more attractive career opportunities for staff. The HASR is now at a very advanced stage and is preparing to go to public consultation on options after the council elections next May.

In the meantime, so as not to delay tackling urgent issues, under the umbrella of HASR, HUTH, NLaG and the local Clinical Commissioning Groups, developed an Interim Clinical Plan (ICP), covering 10 smaller specialist services such as Cardiology, Ophthalmology, Urology, Neurology and Dermatology. Work is now at a very advanced stage to have combined leadership across the Humber for these 10 specialties and already a number of the specialty teams have been amalgamated so as to make them more able to attract top quality staff and provide top quality services to patients.

Also, as part of the HASR, in September 2021, the two Trusts submitted a joint application for the Government's New Hospitals Programme for a total of £720 million investment in a new hospital in Scunthorpe and major upgrading of facilities at Grimsby hospital and Hull Royal Infirmary.

Since the pandemic, the Trusts have found a further way to collaborate clinically, with NLaG providing 'mutual aid' support to HUTH to enable them to reduce their planned surgery waiting lists.

Organisationally, in early 2020, the two Trusts decided that their increasingly close clinical collaboration would benefit from having the same Chair of their Trust Boards. Accordingly, Terry Moran was appointed as the first Joint Chair, and following his departure, Sean Lyons was appointed to the same role in February 2022. Building on the success of this Joint Chair appointment, the two Trusts have subsequently appointed two more joint roles at Board level, namely, a Joint Chief Financial Officer and a Joint Chief Information Officer. A number of other non-clinical services have also joined up in this period, including Procurement, Clinical Coding, Information Governance and Medico-legal Services, with other amalgamated non-clinical support services in the pipeline.

Taking the next step

The benefits of these successively ever closer collaborations between HUTH and NLaG, both clinically and organisationally, have now led the two Trust Boards to seek to consolidate the gains that have been made and take them a step further.

So, building on the three joint Trust Board positions that have already been appointed (Joint Chair, Joint Chief Financial Officer and Joint Chief Information Officer), the two Trusts are now recommending that a single Executive Team be established, with joint appointments covering both Trusts to all of the Executive Director roles, starting with a Group Chief Executive.

This would be in the best interests of patients from both sides of the Humber and staff in both organisations.

Options considered: we have looked at a number of options for strengthening our collaboration

Options for increased collaboration considered an evaluated

HUTH/NLaG

Group / Chain / Extended Group

- Shared Governance
- Shared decision making
- Work together to meet shared objectives
- Shared rewards
- Individual organisational sovereignty
- Site based management under one leadership team

Note: there are multiple group models which will be subject to option appraisal as we move forward

Other options considered were:

- Wider Group Structures to include other acute trusts
- Wider Group Structure to include other health partners in the area

See also slide 13

Merger

- Single governance
- Single management structure
- Full pooling of assets
- Full pooling of risk
- Creation of one new legal entity
- Can have site based management under one leadership team

Acquisition

- Single governance
- Single management structure
- One budget
- Can have site based management under one leadership team

NOTE:

Both the merger and acquisition options are covered by the NHSI Transaction Guidance: 2 key components – Competition & Marketing Authority (CMA) review and risk assessment by NHSI

For mergers: joint application from merging Trusts + governor approval required (FTs) / SoS support (NHS Trusts). If application granted, two trusts dissolved and a new FT established and property and liabilities transferred

For acquisitions: joint application + governor approval (FTs) / SoS support (NHS Trusts) and constitution of acquiring FT. If application granted, target Trust dissolved and assets and liabilities transferred to the acquiring FT

Transaction risk factors considered by NHSI include:

- financial and quality risk (including use of resources and CQC ratings); and
- performance (i.e. SOF rating: SOF segment 4 considered a major risk factor)

Initial hurdle criteria evaluation of options: HUTH/NLaG (unweighted)

The preferred option: we have concluded that the move to a Group leadership model is the best way to deliver the benefits we have committed to

Preferred option - move to a Group Leadership Model

- Following the evaluation undertaken, **the preferred and recommended option is to proceed with implementation of a Group leadership model.**
- There are currently a number of NHS Group models in operation (i.e. there is no “off the shelf” model). An option appraisal of the different models will be undertaken as part of the project plan in order to ensure that the model is bespoke to the two Trusts involved but informed by experience from elsewhere.
- The move to a Group model will see the appointment of a joint Group Chief Executive and Executive leadership team, which would build on the programme of joint appointments which have already been made across the two Trusts.
- The move to a Group model is also intended to:
 - draw on the strengths of the two existing leadership teams;
 - seek to ensure that whilst the benefits of collaboration are delivered, there will be no loss of focus on the operational performance of the two Trusts;
 - ensure the delivery of key existing strategic priorities, and the continued development of strong relationships with external partners at both place and ICS level;
 - deliver the changes required under the HASR initiative safely, effectively and at pace.
- In respect of the option of merger, which was considered but discounted as shown earlier, evidence from other organisations which have moved to the Group model suggests it is possible to deliver substantial benefits from collaboration and scale, relatively quickly but without the costs, timescales and disruption associated with a merger.
- Under the Group model, organisational sovereignty and accountability would be retained (individual Boards retain full decision-making rights over decisions relevant to the individual Trust), but with as much decision making as practicable taking place via a committees ‘in common’ approach.
- The move to a Group model will also require a change to and streamlining of existing governance structures. External governance support has been sought to support the two Trust with the changes although the involvement of the relevant staff from both organisations will be critical to the development of options as to what these new arrangements might look like. The joint Group Chief Executive, once appointed, will then lead on shaping the Executive Team structure and new operating model including governance / decision making structures, building on the options put forward, and implementing the revised arrangements.

Intended benefits of the move to a Group leadership model

A summary of the intended benefits of the move to a Group leadership model

LEARN,
SHARE AND
ALIGN

Reduce unwarranted variation through more integrated leadership and better use of staff and resources
Groups provide a platform for identifying and addressing unwarranted clinical variation. The Group model enables this by providing the necessary expertise, evidence base, and analytics, which smaller organisations would struggle to replicate

Build Leadership Talent

Groups are able to leverage highly capable leaders with proven track records across an enlarged base, while nurturing and developing 'up and coming' leaders through better support mechanisms and improved career paths

Make better decisions

By aligning incentives and removing organisational barriers, Groups enable leaders to make more timely decisions that benefit both patients and reduce total system cost

Drive up quality and efficiency by operating at scale

Groups enable significant improvements in quality and cost through economies of scale, joint procurement, and investment in standardised systems and processes

Pool and share scarce resources

Groups enable the pooling and sharing of resources (both people and capital across organisations, resulting in better expertise, higher utilisation, and a greater ability to invest

Use the workforce more effectively and flexibly

Groups enable workforce to be deployed more flexibly across a wider footprint, resulting in better use of resources, improved responsiveness and an enhanced staff experience

PROVIDE
PLATFORM AND
ENABLE

INTENDED OUTCOMES / BENEFITS:

For Patients

- Improved patient pathways and clinical outcomes
- Improved access and continuity of care
- Improved population health and reduced health inequalities
- Improved quality and patient experience and reduction in harm
- Enhanced research opportunities

For the Organisation

- Improved financial performance through the elimination of duplication and waste
- Aligned and streamlined governance and the ability to make more timely decisions
- More cohesive and consistent management and decision making
- Increased service capacity and resilience
- Economies of scale
- Shared learning

For Staff

- Improved staff experience and development of the talent and leadership pool
- Improved recruitment and retention and less reliance on agency staff

**What matters to you matters to us:
our proposed timeline and engagement
approach**

Timeline and key milestones / approvals

The critical milestones within the timeline are:

- Development and approval of the Case for Change and Communication & Engagement Plan
- Briefing / engagement of key stakeholders
- Programme Director & Chief Executives, in association with Executive Teams, to work up Case for Change and proposed operating model / implementation plan
- Recruitment of joint Group Chief Executive
- New joint Group Chief Executive, once in post, to lead on:
 - finalising and implementing the group operating model (including corporate governance / decision making structures) proposed through the project
 - appointment of Joint Executive Team
- Assurance in respect of Case for Change and implementation by NHSE/I/ICB

Communication and engagement

Following approval 'in principle' of the outline Case for Change by both Trust Boards on 18 October 2022, a 21-day period of consultation and engagement was initiated with key internal and external stakeholders, as detailed below:

19 & 20 October	Briefing of NLaG Council of Governors Briefing of Senior Leadership teams at both Trusts Notification to staff and trade unions at both Trusts with invite to follow-up briefings Notification to stakeholders and partners with offer of follow-up briefings
21 October – 13 November	Follow-up briefing meetings with staff and stakeholders
14 November	Trust Boards to meet in public to make a final decision on the way forward

As part of the initial communication, staff and stakeholders were advised of the plan for both Trust Boards to make a final decision on the way forward on 14 November 2022. Once a final decision is made, staff and stakeholders will be contacted to announce the decision and to confirm next steps including the timescale for the planned selection and appointment of the joint Group Chief Executive.

The full list of stakeholders, the feedback received and the Trusts' response is attached at Appendix A.

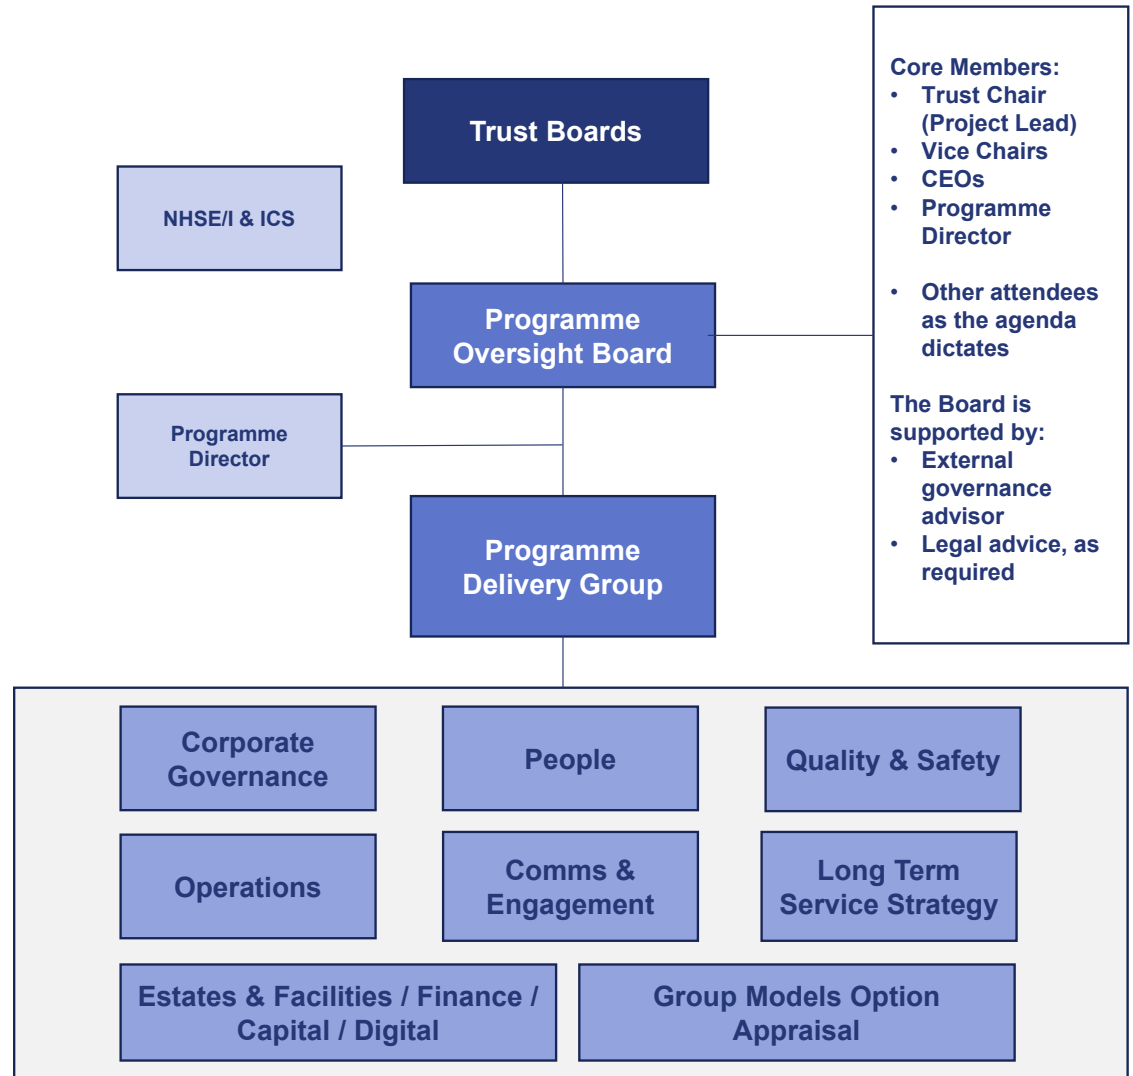

Proposed governance and oversight of the move to a Group leadership model

Programme Governance Structure

The programme will be overseen from a delivery perspective by:

- Programme Oversight Board:
 - *project oversight including benefits realisation, timetable and parameters of change*
 - *membership to remain under review as the project progresses;*
 - *role & remit to eventually transfer to a Transformation 'Committee in Common' as part of the move to 'business as usual' (TBC)*
- Programme Director
- Programme Delivery Group
 - *Workstreams (initial focus on identifying benefits of a move to a Group model)*

External programme assurance will be undertaken by NHSE/I & the ICB

Risks and mitigations

The risks to the successful delivery of this programme of work which have been considered and the mitigations are set out in **Appendix B**.

Proposal to Move to a Group Leadership Model: Stakeholder Communication & Engagement

1. Background & Introduction

- 1.1 In developing proposals for the move to a Group leadership model, the Boards of both Trusts were keen to engage with key internal and external stakeholders as well as build on learning from other group models.
- 1.2 Following approval 'in principle' of the outline Case for Change by both Trust Boards on 18 October 2022, a 21-day period of consultation and engagement was initiated with key internal & external stakeholders and partners to seek views on and, where appropriate, inform the proposals:
 - 19 & 20 October 2022: Initial communication & briefings
 - 21 October – 13 November 2022: Follow-up meetings / briefings
- 1.3 As part of the initial communication, stakeholders were advised of the plan for both Trust Boards to make a final decision on the way forward on 14 November 2022.
- 1.4 Once a final decision is made, stakeholders including staff at both Trusts will be contacted to announce the decision and to confirm next steps including the timescale for the planned recruitment and appointment of the joint Group Chief Executive. There will be ongoing communication as the project progresses.
- 1.5 In respect of the staff in both organisations, in addition to the issue of the initial communication and Q&As, staff were invited to attend one of a series of briefing sessions. A bespoke area was also set up on the Intranets of both Trusts to allow staff to leave feedback and ask additional questions.
- 1.6 This paper provides details of all stakeholders contacted including any follow-up meetings / briefings undertaken, the questions or feedback received and, where appropriate, the Trusts' response.
- 1.7 In summary, whilst questions were asked and additional assurance requested in respect of some aspects of the proposed arrangements, from the feedback received, staff and stakeholders are broadly supportive of the proposed way forward. If the proposal to move to a Group leadership model is approved, the feedback received will be used to help shape and inform the future arrangements and implementation plan. The top five themes from the feedback received are as follows:

- Equity of access and care for patients across both Trusts
- Perceptions of a HUTH takeover
- Whether the proposal is a merger or will lead to merger eventually
- Retention of organisational sovereignty and identity
- Whether the proposed move to a Group leadership model lead to job losses / redundancies?

2.0 Stakeholders Contacted and Feedback Received

Internal Stakeholders

Staff

Stakeholder	Follow-up meeting / briefing(s)
HUTH Staff	24, 26 & 28 October 2022
Questions / Feedback Received	Response
Will our agenda for change bandings be affected?	Agenda for change bandings will not be affected by the move to a Group leadership model.
Will anyone be made redundant?	Whilst there is likely to be some reshaping of the Executive Team, we would expect to retain our talent within both Trusts or the wider NHS. This is not a headcount reduction exercise.
Will we continue to have separate CQC reports?	As the two Trusts will remain separate legal entities under the Group model proposals, each Trust will continue to hold separate CQC registration with separate inspections, reports & ratings.
What do you expect will happen when two departments become managed by a single manager, what do you envisage will happen for the manager that is perhaps somewhat superfluous to requirements? Given you have previously said no one will be downgraded or vacating their role. How do you expect to make significant service level changes without impacting people's careers or livelihoods?	Whilst there is likely to be some reshaping of the Executive Team, we would expect to retain our talent within both Trusts or the wider NHS. This is not a headcount reduction exercise. No one needs to worry about their job, at all, there is more than enough work for everyone – that's part of the reason we want to change. Over time, as people leave for new roles or retire, we will look at what that means for their area of work and see if we want to make changes to streamline what we do and how we do it. That might happen and it might not, it depends on the circumstances at that time. Most staff will still be doing in six months, or a

	<p>year, what they are doing now, but with enhanced connectivity with their colleagues in their partner Trust.</p> <p>A few specialist staff might have to travel more, and we will talk to them directly if that is the case. In the medium term we think we can look at the working environments of staff – clinical and non-clinical – by rationalising estates and having fewer buildings overall which we need to upgrade and maintain. We will also be able to pool budgets and prioritise spending on things like clinical equipment and IT. The Group arrangement means there will be more opportunities for research, training, and the development of new roles.</p>
Are we considering having one head of service for support services?	As above.
Does streamlining HR mean we will have one HR service?	We hope teams will benefit from working together wherever possible, however there are no plans at present to merge support functions. To their great credit, lots of these services have been working collaboratively for some time now (examples: payroll, legal, clinical coding etc) and we are proud of the example they have showed in working together.
Will we be merging our digital systems?	We are already considering how we can ensure our digital systems integrate more effectively. It makes perfect sense to have single systems for our digital offering.
Do you foresee any negatives apart from the risks highlighted?	The proposal to move to a Group leadership model is not without some element of risk, however we believe the risk of doing nothing is greater than the risks we have considered as part of this proposal.
An extension of the Scunthorpe/ Grimsby minibus for staff to travel across the patch would be good.	This is a good suggestion and one which we will consider once the Executive Team is in place.
Could I ask how we are planning to review the details of clinical policies for staff working in both trusts. Where does the liability sit? Do clinical policies need reviewing? In particular I am working with the other NMP leads in HUTH and NLAG to try and ensure the governance for prescribing is robust, but this is a challenge at present. Who will be leading this sort of work?	Clinical leads will work in partnership to develop and review policies for clinical services. Again, this question supports the case for having one executive team to oversee this piece of work and avoid duplication and/or confusion.
Presumably, spending on expensive assets (imaging, therapy equipment) will be subject to creation of joint strategies? Will the joint Executive Team lead on this or the ICB?	This is correct. Many capital bids will be supported by the ICB.

This is a really positive move. However, I feel that we need to prioritise unifying HR processes across the two organisations so that staff do not have to do two lots of appraisals, mandatory training etc. It would be great to have complementary recruitment processes.	This is a key reason for progressing the proposal. We agree that unifying HR policies is the right thing to do.
The collaboration between the two Trusts is something we should all be extremely proud of.	Comments noted.
It would be great to ensure a joint approach on training / development – particularly with apprenticeships in mind.	This is another good point and once again highlights the rationale for progressing with a Group leadership mode.

NLaG Staff	<p>20 October (a pre-arranged Team Brief Live) and two specifically arranged sessions on 1 and 9 November 2022</p> <p>As part of the staff briefings in November a poll was also undertaken, during which staff were asked the following questions:</p> <p><i>Q: Having heard why we are creating the Group, do you think it is the right thing to do?</i></p> <p><u>Results</u></p> <ul style="list-style-type: none"> - Yes: 100% - No: 0% <p><i>Q: Did the announcement of working mor closely with HUTH surprise you?</i></p> <p><u>Results</u></p> <ul style="list-style-type: none"> - Yes: 5% - No: 95% <p>Staff were also asked if they had any concerns about what it might mean for them and, if so, what those concerns are. Details of the comments</p>

	received in response to that question and through the Trust Intranet site more generally are provided below.
Questions / Feedback Received	Response
The collaborative working with HUTH for the patients can only be a great thing: sharing resources, specialist skills and facilities.	Comments noted.
What is meant by 'shared governance'?	Under the Group leadership model, the corporate governance arrangements in the two Trusts will become more aligned, ensuring more timely and equitable decision-making. More aligned and streamlined governance will also help to reduce duplication and bureaucracy.
I'm a dietitian and I looked at the e-mail as it came in and was very interested in it as obviously a lot of people are and I was interested that you thought group leadership was going to help our recruitment and retention. Unless you're going to suggest that we are going to be the equivalent of one trust and even then I'm not sure how that would help, so I'm really interested how you actually think that will help us.	The closer collaboration between the two Trusts will provide greater opportunities for cross site-working, career development and progression and, in turn, support retention. It is also hoped that the Group will be more attractive to potential candidates and, in turn, support recruitment.
I'm concerned that one of the justifications is to eliminate duplication and waste, we can't do that effectively running three hospitals in one trust, I think our problems will be amplified trying to streamline anything over such a large geographic area with very different demographics across the sites. I am extremely apprehensive about this having been through a similar process of sharing services within Humberside Police and South Yorkshire Police which led to their performance dropping, this ultimately led to me leaving HP and coming to the NHS. I'll be honest and say this consultation has led me to consider my position in the trust and whether it would be safer somewhere else. I'm sure I'm not the only one considering this.	It is hoped that streamlining of systems and processes and aligned corporate governance and decision-making (i.e. doing things once where possible) will help to avoid duplication and waste. This will inevitably take time to embed.
Communication is crucial, so all staff are fully aware of what changes are being proposed to services.	Comment agreed with and commitment made to continue to do this.
I don't have any concerns. Only praise. I understand that some may worry, however, evolution will be the thing that keeps the NHS alive. It is important it is developed in the future and for future generations.	Comments noted.
Communication needs to be kept up to staff.	Comment agreed with and commitment made to continue to do this.

Yes & No ... My role is directly affected by what happens in any joint Digital collaborations and joint systems. Depending on the direction of travel this could be concerning ... will have to wait to see what transpires happy to have off-line chat.	Digital Services are already led by one executive and her focus is making sure new systems which will implemented are the best for patients and not because one trust uses them already.
To ensure joint working across the different sites, if digital systems need to be combined and provided by one supplier - will that be a joint discussion/agreement across both groups and not HUTH decision?	As above.
Not for me personally but I have heard concerns raised about non clinical services and staff feeling that economies of scale may mean cuts in the long term.	There is no intention for this to happen, staff do not need to worry.
My concerns are for the people working directly for the current Executive Team, if we move to a joint Executive team does that all support staff will be kept in place?	Yes, it does, there is no need for staff to worry. We want to keep all the staff we have and, where we can, improve the jobs they do. The Group will be an opportunity for many staff.
Only concern is about how safe my job is. There are staff doing the same job as me at HUTH and I wonder how my role with fit.	As above.
Changes to place of work or an expectation to work across the area and also possible reductions in staff I acknowledge that they've said no staff cuts and hope this is true.	There is no expectation to change workplace for most staff.
Not 100% sure at the moment; there will always be changes.	Comments noted.
I am worried that joint governance arrangements would put existing governance team jobs at risk.	The comment made in the presentation was about corporate governance where we could see some changes, like a joint Quality Committee for example. There is no intention to change current clinical governance arrangements.
Hull have contracted out FM services, will this impact on NLaG?	No, there are no plans to change the model of delivery of NLaG's FM services.
After attending today, I have no concerns.	Comments noted.
Does / how does this affect the long-term collaborations and working relationships with our other neighbours in Greater Lincolnshire - Eg current Pathlinks arrangements and Shared Digital Arrangements ?	It will not affect these, staff should continue to work with – and build relationships with – neighbours they are working with already.

Senior Leaders

Stakeholder	Follow-up meeting / briefing(s)
Senior Leadership Community (SLC) – NLAG	<p>20 October & 3 November 2022</p> <p>As part of the briefing on 3 November 2022, a poll was also undertaken, during which leaders were asked the following questions:</p> <p><i>Q: Did the announcement of working more closely with HUTH come as a surprise to your teams?</i></p> <p><u>Results</u></p> <ul style="list-style-type: none"> - Yes: 7% - No: 93% <p><i>Q: On balance, do you think your team feels it is the right thing to do?</i></p> <p><u>Results</u></p> <ul style="list-style-type: none"> - Yes: 89% - No: 11% <p>Details of feedback and questions asked during the briefing are provided below.</p>
Questions / Feedback Received	Response
Is this going to be the start of merging further all teams /groups, with main leadership coming from HUTH?	No, there is no plan for this.
There is a feeling amongst NLAG consultants that new senior clinical appointments, both to clinical and to leadership roles, are majority owned and directed by HUTH. Will new senior appointments be paused to ensure joint participation? Will there be a framework for new senior appointments?	See later comments.
I work cross site within NLaG and what I have done in my role is taken the best practice at both sites and used this to create an	This is exactly what we are trying to replicate more widely by creating the Group.

equal pathway for patients using the best, most efficient practices I have witnessed. Also, I have been working closely with HUTH as cardiology are quite involved with HASR and I am not feeling a competition, but actually that investment in NLaG's cardiology staff and equipment will be available as we need to provide uniform services across the patch and move away from postcode lottery care.	
Is there an example of such a structure being successfully implemented in NHS previously?	There are several successful Group leadership models operating in the NHS. As part of the development of local proposals, the two Trusts are in contact with some of the Trusts with a view to learning from them although it is important that local arrangements are bespoke and work for both Trusts.
Will this exercise be Equality Impact Assessed?	An Equality Impact Assessment will be undertaken.
Does this mean we will lose jobs ?	No, this is not a job cutting or cost saving exercise.
Will the jobs be based at HUTH (admin)?	No, there are no plans to move staff around from their current workplace.
Will our line managers be at HUTH?	This depends on the service. Some leadership changes are happening because of the work HUTH and NLaG are doing together as part of the Interim Clinical Plan. There could be some line management changes in those specialities. However, generally speaking, there are no plans for wholesale changes in line management responsibilities.
Is this a merger?	This is not a merger. The option of merger was considered but discounted; not least as evidence from other organisations which have moved to the Group model suggests it is possible to deliver substantial benefits from collaboration and scale, relatively quickly but without the costs, timescales and disruption associated with a merger.
Will it means ironing out differences in patient pathways and support for staff?	Yes, for pathways we hope, over time, to develop single patient pathways in many areas of work – this is one of the key ways we will reap the maximum benefits for our patients and for our staff. Over time we would hope to develop a single offer for staff in terms of health and wellbeing, training and development opportunities and career development.
Does this mean Peter and Shaun are leaving?	There will be an open recruitment process for the Group Chief Executive. We have already said the Group Chief Executive will lead the shaping of the Group Executive Team and which roles will be a part of that. We will

	make sure everyone on both Executive Teams is treated fairly through that process.
If we are still to retain our individual organisations identity how do we decline changes which have already been agreed by a joint board?	If decisions are taken by both Boards that is what will need to happen. As is the case now decisions taken at this level are not up for debate.
Will all new Consultant roles will be joint appointments across both Trusts?	There is already a Memorandum of Understanding between the trusts to allow this to happen and it is happening in some cases. This would make sense to do at some point.
Will this result in a complete change of Directors?	This not something we expect to happen, we want to retain as much of the talent as we can.
Will we be working differently?	Yes, that is a key reason for making this change. We want to share learning and best practice between both trusts and make sure we do the best we can for each and every patient.
Will NLaG staff be asked to go and work at HUTH to assist with their staffing? Will staff be expected to work cross Trust?	Some senior staff will be expected to work across both trusts. However, we're not expecting this to be the case for all grades of staff. Both trusts face filling challenging rotas so moving between the two trusts may help one but will worsen the position of the other so it is not something we are expecting to happen.
How will the intended benefits for recruitment and retention be realised for AHP staff groups?	This is detail we need to work through. As this question suggests we expect a Group to open up more attractive roles and make recruitment easier, for AHPs as well as other groups of staff.
Are there any thoughts about NLaG using HUTH's policies and procedures or vice versa?	As things progress and teams work more closely together it is likely this will happen. It is too soon to provide any detail on what they might be or when this might happen.
What it will mean for a team if one manager leaves at HUTH or NLAG, will those teams merge under one manager?	It depends on the circumstances. This could happen but it is not the case it definitely would.
Is it really collaboration?	Yes – it is collaboration between the Trust Boards to make quicker decision in the interests of all patients across the Humber.
What are the real drivers and what are the benefits – where are the results of the cardiology review following the development of the single leadership (if a review has been done?), and if a review hasn't been done then why not as this is the best way to learn and reflect?	The drivers are to benefit all patients across the Humber and staff in both trusts. This will happen over time, it's not something we expect to see take place overnight. If the Group gets agreed we intend to learn from what has been happening in the clinical services covered by the Interim Clinical Plan, including cardiology – both the good points and, perhaps more importantly, where things haven't gone so well. Our view is on executive team will be able to better implement decisions when they are

	responsible for delivery in both trusts and this isn't the case at the moment.
What's the ultimate vision?	Whilst a vision statement hasn't been formulated so we can't answer that directly we can say we want to make sure everyone across the Humber has access to the best secondary care we have available, irrespective of where they live. We also want to create the best employment offer we can for our current and future staff – with access to good, interesting jobs, with training and development opportunities and in environments which staff can be proud to work in.
What are the risks of moving to a group structure?	These are set out in the case for change document. The proposal to move to a Group leadership model is not without some element of risk, however we believe the risk of doing nothing is greater than the risks we have considered as part of this proposal.
What will happen to the rest of the exec team once there is a single CEO? And how will this impact on the clinical divisions?	There will be an open recruitment process for the Group Chief Executive. We have already said the Group Chief Executive will lead the shaping of the Group Executive Team and which roles will be a part of that. We will make sure everyone on both Executive Teams now is treated fairly through that process and that we want to retain as much of the talent as we can.
Will care for our patients really be equitable if services are led by HUTH?	Services will not be led by HUTH – they will be led, ultimately, by a single executive team responsible for making decisions in the best interests of all patients across the Humber.

Council of Governors

Stakeholder	Follow-up meeting / briefing(s)
CoG – NLAG only	31 October 2022
Questions / Feedback Received	Response
Governors feel that it would have been preferable to delay consideration of changes to organisational form until functional changes arising from the Humber Acute Services Review have been the subject of formal consultation. We are concerned that a premature move to a single Humberwide leadership model for acute services could compromise the forthcoming consultation	Comments noted.

<p>exercise by suggesting to patients and local politicians that changes to service delivery are a fait accompli. However, we recognise that the tensions between the leadership cultures of the two organisations that have been increasingly exposed in the management of the Interim Clinical Plan (ICP) need to be speedily addressed.</p>	
<p>We feel that the implementation of a Humberwide group leadership model for acute services will be widely perceived to be a Hull takeover. Communications regarding any move to a group leadership model must therefore emphasise the maintenance of NLaG's independence/sovereignty as well as the opportunities for foundation trust members to continue to influence the organisation's priorities. It would also be helpful if the case for change were to clarify the issue of the location of the base for the executive leadership team. We feel that any suggestion or apprehension that the Group Chief Executive could be based exclusively in Hull would be viewed very negatively by NLaG staff, patients, and other stakeholders.</p>	<p>The move to a Group leadership model is not a takeover by either Trust.</p> <p>Under the Group leadership model, whilst as much decision making as practicable will take place through a 'committees in common' (joint) approach, individual Boards will retain full decision making rights over decisions relevant to the individual Trust, ensuring the retention of sovereignty and accountability. The Council of Governors and trust members will remain an essential part of the NLAG governance & assurance framework.</p> <p>It is fully anticipated that the joint Group Chief Executive and joint executive team will work cross site and would not be based exclusively on one site.</p>
<p>The Joint Trust Chair indicated as part of his governor briefing that the case for change is not financially driven but that he expected over time that some unquantified economies of scale would result. We feel that the case for change and subsequent communications need to include a categorical statement that the implementation of a group leadership model will not result in increased management costs through the creation of another tier of hospital management.</p>	<p>It is not anticipated that the move to a Group leadership model will result in increased management costs. Analysis of the potential benefits of collaboration in other organisations that have implemented the Group model has demonstrated potential savings across the organisations involved over time. This will remain under review as the project progresses.</p>
<p>We recognise the need to recruit the best possible candidate available nationally to take on the vitally important leadership role as Group Chief Executive. We therefore support the need for an open recruitment process. But we are well aware of the talent and commitment of NLaG's existing cadre of executive directors which is no doubt replicated within HUTH. We would therefore welcome inclusion of a commitment within the case for change document that recruitment of all members of the group leadership</p>	<p>The process for appointment to the executive leadership team is currently being developed for agreement with the joint Group Chief Executive, once appointed, but it is anticipated that these posts will be ringfenced in the first instance.</p>

team with the exception of the Group Chief Executive will initially be ringfenced.	
As a Council of Governors, it is our statutory duty to approve (or otherwise) the appointment of NLaG's Chief Executive. We recognise that governors will have no formal role in the Group Chief Executive selection process, we would welcome an assurance that governors will be given the opportunity to meet with the candidates prior to interview.	The Group Chief Executive selection and appointment process will include a range of stakeholder engagement events and will include representatives from the Council of Governors.

How will the sovereignty of each organisation be maintained?	Under the Group leadership model, whilst as much decision making as practicable will take place through a 'committees in common' (joint) approach, individual Boards will retain full decision making rights over decisions relevant to the individual Trust, ensuring the retention of sovereignty and accountability.

Senior Leaders Group: Northern Lincolnshire

Stakeholder	Follow-up meeting / briefing
Senior Leaders Group: Northern Lincolnshire	2 November 2022
Questions Received	Response

North East Lincolnshire is broadly supportive but is concerned with respect to sovereignty and in particular how to maintain the best deal for the North East Lincolnshire population.	Under the Group leadership model, whilst as much decision making as practicable will take place through a 'committees in common' (joint) approach, individual Boards will retain full decision making rights over decisions relevant to the individual Trust, ensuring the retention of sovereignty and accountability.
This is a natural development for efficient and sustainable services.	Comments noted.
Glad it's Group, not merger.	Comments noted.
Is this on the road to merger? If so, that would cause alarm bells.	This is not a merger. The option of merger was considered but discounted; not least as evidence from other organisations which have moved to the Group model suggests it is possible to deliver substantial benefits from collaboration and scale, relatively quickly but without the costs, timescales and disruption associated with a merger.
What are the implications for HASR?	This detail is still to be worked through.
Senior leaders in the new Group are going to have to look in multiple directions at once across the ICS. How do you ensure they have the capacity to do this and deliver adequate local focus?	This detail is still to be worked through.
Glad it maintains a Board on the south bank. However, would a Joint Quality and Safety Committee have too big a task to do?	This question will be considered as part of the development of the Group governance arrangements.
In our local authority there is no large political voice saying No – but nor is there a large political voice saying Yes.	Comments noted.
How will the Group relate to four competing democratic voices?	This detail is still to be worked through.
Why not a merger? Would it become a merger later? Have other Groups gone into merger?	As above, there are no plans for a merger. The option of merger was considered but discounted; not least as evidence from other organisations which have moved to the Group model suggests it is possible to deliver substantial benefits from collaboration and scale, relatively quickly but without the costs, timescales and disruption associated with a merger.
The primary issue is about services and access and the quality of those services. How will the Group ensure these are protected and enhanced?	Under the Group leadership model, whilst as much decision making as practicable will take place through a 'committees in common' (joint) approach, individual Boards will retain full decision making rights over decisions relevant to the individual Trust, ensuring the retention of sovereignty and accountability and responsibilities for access and quality.

	It is anticipated that access and quality will be further enhanced through the opportunities created by strengthened collaboration.

APPENDIX B

Proposal to Move to a Group Leadership Model: Risks & Mitigations

There are a number of risks to the successful delivery of this programme of work. These are set out below with key mitigations.

Risks	Mitigations
<p>Pre-implementation</p> <p>There is a risk of instability of leadership and loss of key resources and expertise. There is also a risk that key individuals will be less engaged in the process.</p>	<p>The new Group Chief Executive will lead on the appointment of the Executive Team.</p> <p>Implementation of the group structure will include consultation and engagement with those most directly affected by the change. This has and will include regular briefings as well as 1:1 discussion with the Chair and Vice Chairs ahead of the appointment of the joint Group Chief Executive. This will facilitate the identification of any key personnel / Trust risks prior to the finalisation of the structure and commencement of consultation.</p> <p>The process for appointment to the executive leadership team is currently being developed for agreement with the joint Group Chief Executive, once appointed, but it is anticipated that these posts will be ringfenced in the first instance.</p>
<p>There is a risk of internal and external stakeholder concern about the formation of a group model.</p>	<p>The move to a group model has the support of the ICB and NHSE. The outline of the direction of travel has been formally submitted to the ICB.</p> <p>There has been a 21-day period of engagement with key internal and external stakeholders and the feedback will help to shape the proposals. Feedback has been broadly supportive to date although questions have been asked and further assurance requested in respect of some aspects of the proposal. Key themes from the feedback include:</p>

	<ul style="list-style-type: none"> • equity of access and care for patients across both Trusts; • perceptions of a HUTH takeover; • whether the proposal is a merger or will lead to a merger eventually; • whether the proposed move to a Group leadership model will lead to job losses / redundancies; • retention of organisational sovereignty and identity. <p>As part of the above engagement, the NLaG Council of Governors has been briefed on the proposed direction of travel and in respect of the joint Group Chief Executive appointment process. (For NlaG as an FT, there is a requirement for the governors to approve the appointment at the first general meeting after the appointment.)</p> <p>The detailed Case for Change proposal sets out the clear clinical benefits of collaboration and the opportunities to build on the ‘best of both’ Trusts. These messages have been reinforced through the stakeholder communications.</p> <p>The Case for Change is due to be considered for approval by both Trust Board on 14 November 2022. Once a final decision has been made, the final Case for Change, response to feedback and next steps will be shared with all stakeholders. There will be ongoing communication as the project progresses.</p>
<p>There is a risk of lack of clinical support for the proposal. This includes the specific concerns which exist regarding perceptions of a HUTH takeover and a loss of the NLaG voice which it is felt has the potential to adversely impact on the quality of care and services to patients on the south bank.</p>	<p>As above.</p> <p>Specific engagement events have and are being held with clinical colleagues.</p> <p>Under the Group leadership model, whilst as much decision making as practicable will take place through a ‘committees in common’ (joint) approach, individual Boards will retain full decision making rights over decisions relevant to the individual Trust, ensuring the retention of sovereignty, identity and accountability. The</p>

	<p>operating model and governance arrangements will be designed to ensure an equal voice from both Trusts.</p> <p>The organisational development (OD) and change process referred to later is also key to addressing this concern.</p>
<p>There is a risk of not appointing to the new Group Chief Executive role or that the timescale becomes prolonged due to the need for the required approvals.</p>	<p>Recruitment Consultants have been recruited to support with the Chief Executive recruitment process which will be through open competition.</p> <p>Initial discussions have been held with NHSE and the ICB who are supportive of the proposed direction of travel. Initial discussions have also been held with NHSE regarding the recruitment process and the salary range for the joint Chief Executive post. Internal Remuneration Committee approval is also being sought.</p> <p>The briefing to the CoG included details of the recruitment process ensuring their engagement in the process.</p>
<p>There is a risk that the cultural changes required to ensure the successful move to a Group leadership model will not be made and sustained without a robust OD and change process.</p>	<p>The OD and change process required to ensure the successful move to a Group leadership model will be a key workstream of the project implementation plan. This will be a key focus for the Joint Group Chief Executive once appointed and will be a medium to long term piece of work.</p> <p>External support will be sourced, where required, to ensure that the required cultural changes are sustained.</p>
<p>Post-implementation</p>	
<p>There is a risk that the implementation of the group model is impacted by or impacts upon:</p> <ul style="list-style-type: none"> - performance - operational pressures including winter - strategic priorities 	<p>The intention of leaving some flexibility in the timing of implementation commencing is to ensure that strategic and operational pressures can be taken into account. The change management approach and implementation plan will ensure there is opportunity for structured handover where leadership responsibilities change.</p> <p>In respect of the CQC, publication of the NLaG report is expected in December 2022 i.e. before implementation of the Group leadership</p>

<ul style="list-style-type: none"> - HASR - publication of NLaG CQC inspection report - publication of the HUTH CQC report 	<p>model. No date has yet been confirmed for the publication of the HUTH CQC report.</p> <p>In respect of HASR, this has been delayed from November 2022 to May 2023.</p> <p>The development of the new operating model will need to be aligned to the developing responsibilities of the Humber and North Yorkshire Acute Collaborative.</p>

***Board Assurance Framework (BAF) Descriptions:**

1.	To give great care
1.1	To ensure the best possible experience for the patient, focussing always on what matters to the patient. To seek always to learn and to improve so that what is offered to patients gets better every year and matches the highest standards internationally. <u>Risk to Strategic Objective:</u> The risk that patients may suffer because the Trust fails to deliver treatment, care and support consistently at the highest standard (by national comparison) of safety, clinical effectiveness and patient experience.
1.2	To provide treatment, care and support which is as safe, clinically effective, and timely as possible. <u>Risk to Strategic Objective:</u> The risk that the Trust fails to deliver constitutional and other regulatory performance targets which has an adverse impact on patients in terms of timeliness of access to care and/or risk of clinical harm because of delays in access to care.
1.3	To engage patients as fully as possible in their care, and to engage actively with patients and patient groups in shaping services and service strategies. To transform care over time (with partners) so that it is of high quality, safe and sustainable in the medium and long term. <u>Risk to Strategic Objective:</u> The risk that the Trust (with partners) will fail to develop, agree, achieve approval to, and implement an effective clinical strategy (relating both to Humber Acute Services and to Place), thereby failing in the medium and long term to deliver care which is high quality, safe and sustainable.
1.4	To offer care in estate and with engineering equipment which meets the highest modern standards. <u>Risk to Strategic Objective:</u> The risk that the Trust's estate, infrastructure and engineering equipment may be inadequate or at risk of becoming inadequate (through poor quality, safety, obsolescence, scarcity, backlog maintenance requirements or enforcement action) for the provision of high quality care and/or a safe and satisfactory environment for patients, staff and visitors.
1.5	To take full advantage of digital opportunities to ensure care is delivered as safely, effectively and efficiently as possible. <u>Risk to Strategic Objective:</u> The risk that the Trust's digital infrastructure (or the inadequacy of it) may adversely affect the quality, efficacy or efficiency of patient care and/or use of resources, and/or make the Trust vulnerable to data losses or data security breaches.
1.6	To provide treatment, care and support which is as safe, clinically effective, and timely as possible. <u>Risk to Strategic Objective:</u> The risk that the Trust's business continuity arrangements are not adequate to cope without damage to patient care with major external or unpredictable events (e.g. adverse weather, pandemic, data breaches, industrial action, major estate or equipment failure).
2.	To be a good employer
2.	To develop an organisational culture and working environment which attracts and motivates a skilled, diverse and dedicated workforce, including by promoting: inclusive values and behaviours, health and wellbeing, training, development, continuous learning and improvement, attractive career opportunities, engagement, listening to concerns and speaking up, attractive remuneration and rewards, compassionate and effective leadership, excellent employee relations. <u>Risk to Strategic Objective:</u> The risk that the Trust does not have a workforce which is adequate (in terms of diversity, numbers, skills, skill mix, training, motivation, health or morale) to provide the levels and quality of care which the Trust needs to provide for its patients.
3.	To live within our means
3.1	To secure income which is adequate to deliver the quantity and quality of care which the Trust's patients require while also ensuring value for money for the public purse. To keep expenditure within the budget associated with that income and also ensuring value for money. To achieve these within the context of also achieving the same for the Humber Coast and Vale HCP. <u>Risk to Strategic Objective:</u> The risk that either the Trust or the Humber Coast and Vale HCP fail to achieve their financial objectives and responsibilities, thereby failing in their statutory duties and/or failing to deliver value for money for the public purse.
3.2	To secure adequate capital investment for the needs of the Trust and its patients. <u>Risk to Strategic Objective:</u> The risk that the Trust fails to secure and deploy adequate major capital to redevelop its estate to make it fit for purpose for the coming decades.
4.	To work more collaboratively
4.	To work innovatively, flexibly and constructively with partners across health and social care in the Humber Coast and Vale Health Care Partnership (including at Place), and in neighbouring Integrated Care Systems, and to shape and transform local and regional care in line with the NHS Long Term Plan. <u>Risk to Strategic Objective:</u> The risk that the Trust is not a good partner and collaborator, which consequently undermines the Trust's or the healthcare systems collective delivery of: care to patients; the transformation of care in line with the NHS Long Term Plan; the use of resources; the development of the workforce; opportunities for local talent; reduction in health and other inequalities; opportunities to reshape acute care; opportunities to attract investment.
5.	To provide good leadership
5.	To ensure that the Trust has leadership at all levels with the skills, behaviours and capacity to fulfil its responsibilities to its patients, staff, and wider stakeholders to the highest standards possible. <u>Risk to Strategic Objective:</u> The risk that the leadership of the Trust (from top to bottom, in part or as a whole) will not be adequate to the tasks set out in its strategic objectives, and therefore that the Trust fails to deliver one or more of these strategic objectives

- 24.1** The Council of Governors at a general meeting of the Council of Governors shall appoint or remove the Chairman and the other non-executive directors.

- may rely on estimates of the contingent liability that are reasonable in the circumstances; and
- may take account of the likelihood of the contingency occurring.

46.5 Where the Trust is considering organisational transactions (mergers and acquisitions, transfer and dissolutions) or non-organisational transactions (significant capital investments, joint ventures and private finance initiatives), early engagement with NHSI is required. This process aims to reduce costs and allow Trusts to identify issues prior to committing significant resources to a particular transaction. Further guidance on the process for Trusts to follow when considering such transactions is outlined in the NHSI ‘Transactions guidance – for trusts undertaking transactions, including mergers and acquisitions’.

- (a) the candidate for whom a voter has voted; or,
- (b) the unique identifier on a ballot paper.

36.3 The returning officer must make arrangements to ensure the safety and security of the ballot papers and other documents.

37. Validity of votes

37.1 A ballot paper shall not be taken to be duly returned unless the returning officer is satisfied that it has been received by the returning officer before the close of the poll, with a declaration of identity if required that has been correctly completed, signed, and dated.

37.2 Where the returning officer is satisfied that rule 37.1 has been fulfilled, they should:

- (a) put the declaration of identity if required in a separate packet; and,
- (b) put the ballot paper aside for counting after the close of the poll.

37.3 Where the returning officer is not satisfied that rule 37.1 has been fulfilled, they should:

- (a) mark the ballot paper “disqualified”;
- (b) if there is a declaration of identity accompanying the ballot paper, mark it as “disqualified” and attach it the ballot paper;
- (c) record the unique identifier on the ballot paper in a list (the “list of disqualified documents”); and,
- (d) place the document or documents in a separate packet.

37.4 An internet, telephone or text message vote shall not be taken to be duly returned unless the returning officer is satisfied that the internet, telephone or text voting record has been received by the returning officer before the close of the poll.

38. De-duplication of votes

38.1 Where a combination of the methods of polling are being used, the returning officer shall examine all votes cast to ascertain if a voter ID number has been used more than once to cast a vote in an election.

38.2 If the returning officer ascertains that a voter ID number has been used more than once to cast a vote in an election they shall:

- (a) only accept as duly returned the first vote received that contained the duplicated voter ID number;
- (b) mark as “disqualified” all other votes containing the duplicated voter ID number

- 38.3 Where a ballot paper is “disqualified” under this rule the returning officer shall:
- (a) mark the ballot paper “disqualified”,
 - (b) record the unique identifier and voter id number on the ballot paper in a list (the “list of disqualified documents”); and
 - (c) place the ballot paper in a separate packet.
- 38.4 Where an internet, telephone or text voting record is “disqualified” under this rule the returning officer shall:
- (a) mark the record as “disqualified”,
 - (b) record the voter ID number on the record in a list (the “list of disqualified documents”.
 - (c) disregard the record when counting the votes in accordance with these Rules.
- 39. Declaration of identity but no ballot paper (public constituency) –** Where the returning officer receives a declaration of identity if required but no ballot paper:
- (a) mark the declaration of identity “disqualified”;
 - (b) record the name of the voter in the list of disqualified documents, indicating that a declaration of identity has been received from the voter without a ballot paper; and,
 - (c) place the declaration of identity in a separate packet.
- 40. Sealing of packets**
- 40.1 As soon as is possible after the close of the poll and after the completion of the procedure under rules 37 and 38, the returning officer is to seal the packets containing:
- (a) the disqualified documents, together with the list of disqualified documents inside it;
 - (b) the declarations of identity if required;
 - (c) the list of spoiled ballots;
 - (d) the list of lost ballots;
 - (e) the list of eligible voters;
 - (e) the list of tendered ballots; and,
 - (f) complete electronic copies of records referred to in rule 26 held in a device suitable for the purpose of storage.

Part 6 – Counting the votes

Note: the following rules describe how the votes are to be counted manually but it is expected that appropriately audited vote counting software will be used to count votes where a combination of methods of polling is being used and votes are contained as electronic e-voting records and ballot papers.

41. Single Transferable Vote (STV) - Interpretation of Part 6

In part 6 of these rules:

“ballot” means a ballot paper, internet voting record, telephone voting record or text voting record;

“continuing candidate” means any candidate not deemed to be elected, and not excluded;

“count” means all the operations involved in counting of the first preferences recorded for candidates, the transfer of the surpluses of elected candidates, and the transfer of the votes of the excluded candidates;

“deemed to be elected” means deemed to be elected for the purposes of counting of votes but without prejudice to the declaration of the result of the poll;

“mark” means a figure, an identifiable written word, or a mark such as “X”;

“non-transferable vote” means a ballot:

- (a) on which no second or subsequent preference is recorded for a continuing candidate; or,
- (b) which is excluded by the returning officer under rule 49 - STV below;

“preference” as used in the following contexts has the meaning assigned below:

- (a) “first preference” means the figure “1” or any mark or word which clearly indicates a first (or only) preference;
- (b) “next available preference” means a preference which is the second, or as the case may be, subsequent preference recorded in consecutive order for a continuing candidate (any candidate who is deemed to be elected or is excluded thereby being ignored); and,
- (c) in this context, a “second preference” is shown by the figure “2” or any mark or word which clearly indicates a second preference, and a third preference by the figure “3” or any mark or word which clearly indicates a third preference, and so on;

“quota” means the number calculated in accordance with rule 46 - STV below;

“surplus” means the number of votes by which the total number of votes for any candidate (whether first preference or transferred votes, or a combination of both) exceeds the quota; but references in these rules to the transfer of the surplus means the transfer (at a transfer value) of all transferable ballots from the candidate who has the surplus;

“stage of the count” means:

- (a) the determination of the first preference vote of each candidate;
- (b) the transfer of a surplus of a candidate deemed to be elected; or,
- (c) the exclusion of one or more candidates at any given time;

“transferable vote” means a ballot on which, following a first preference, a second or subsequent preference is recorded in consecutive numerical order for a continuing candidate;

“transferred vote” means a vote derived from a ballot on which a second or subsequent preference is recorded for the candidate to whom that ballot has been transferred; and,

“transfer value” means the value of a transferred vote calculated in accordance with rules 47.4 - STV or 47.7 - STV below

42. Arrangements for counting of the votes

- 42.1 The returning officer is to make arrangements for counting the votes as soon as is practicable after the close of the poll.

43. The count

- 43.1 The returning officer is to:
- (a) count and record the number of votes that have been returned; and,
 - (b) count the votes according to the provisions in this Part of the rules.
- 43.2 The returning officer, while counting and recording the number of votes and counting the votes, must make arrangements to ensure that no person obtains or communicates information as to the unique identifier on a ballot paper or a voter’s voter ID number.
- 43.3 The returning officer is to proceed continuously with counting the votes as far as is practicable.

44. STV - Rejected ballot papers

44.1 STV - Any ballot paper:

- (a) which does not bear the features that have been incorporated into the other ballot papers to prevent them from being reproduced;
- (b) on which the figure "1" standing alone is not placed so as to indicate a first preference for any candidate;
- (c) on which anything is written or marked by which the voter can be identified except the unique identifier; or,
- (d) which is unmarked or rejected because of uncertainty;

shall be rejected and not counted, but the ballot paper shall not be rejected by reason only of carrying the words "one", "two", "three" and so on, or any other mark instead of a figure if, in the opinion of the returning officer, the word or mark clearly indicates a preference or preferences.

44.2 STV – The returning officer is to endorse the word "rejected" on any ballot paper which under this rule is not to be counted.

44.3 STV - The returning officer is to draw up a statement showing the number of ballot papers rejected by him or her under each of the subparagraphs (a) to (d) of rule 44.1 - STV

44. First Past the Post (FPP) - Rejected ballot papers

44.1 Any ballot paper:

- (a) which does not bear the features that have been incorporated into the other ballot papers to prevent them from being reproduced;
- (b) on which votes are given for more candidates than the voter is entitled to vote;
- (b) on which anything is written or marked by which the voter can be identified except the unique identifier; or,
- (c) which is unmarked or rejected because of uncertainty;

shall, subject to rules 44.2- FPP and 44.3 - FPP, be rejected and not counted.

44.2 FPP - Where the voter is entitled to vote for more than one candidate, a ballot paper is not to be rejected because of uncertainty in respect of any vote where no uncertainty arises, and that vote is to be counted.

44.3 FPP - A ballot paper on which a vote is marked:

- (a) elsewhere than in the proper place;
- (b) otherwise than by means of a clear mark;
- (c) by more than one mark;

is not to be rejected for such reason (either wholly or in respect of that vote) if an intention that the vote shall be for one or other of the candidates clearly appears, and the way the paper is marked does not itself identify the voter and it is not shown that he or she can be identified by it.

44.4 FPP - The returning officer is to:

- (a) endorse the word “rejected” on any ballot paper which under this rule is not to be counted; and
- (b) in the case of a ballot paper on which any vote is counted under rules 44.2 - FPP and 44.3 - FPP, endorse the words “rejected in part” on the ballot paper and indicate which vote or votes have been counted.

44.5 FPP - The returning officer is to draw up a statement showing the number of rejected ballot papers under the following headings:

- (a) does not bear proper features that have been incorporated into the ballot paper,
- (b) voting for more candidates than the voter is entitled to;
- (c) writing or mark by which voter could be identified; and,
- (d) unmarked or rejected because of uncertainty;

and, where applicable, each heading must record the number of ballot papers rejected in part.

45. STV - First stage

45.1 STV - The returning officer is to sort the ballots into parcels according to the candidates for whom the first preference votes are given.

45.2 STV - The returning officer is to then count the number of first preference votes given on ballots for each candidate, and is to record those numbers.

45.3 STV - The returning officer is to also ascertain and record the number of valid ballots.

46. STV - The quota

46.1 STV - The returning officer is to divide the number of valid ballots by a number exceeding by one the number of members to be elected.

46.2 STV - The result, increased by one, of the division under rule 46.1 - STV (any fraction being disregarded) shall be the number of votes sufficient to secure the election of a candidate (in these rules referred to as “the quota”).

46.3 STV - At any stage of the count a candidate whose total votes equals or exceeds the quota shall be deemed to be elected, except that any election where there is only one vacancy a candidate shall not be deemed to be elected until the procedure set out in rules 47.1 - STV to 47.3 - STV has been complied with.

47. STV - Transfer of votes

- 47.1 STV - Where the number of first preference votes for any candidate exceeds the quota, the returning officer is to sort all the ballots on which first preference votes are given for that candidate into sub- parcels so that they are grouped:
- (a) according to next available preference given on those ballots for any continuing candidate; or,
 - (b) where no such preference is given, as the sub-parcel of non-transferable votes.
- 47.2 STV - The returning officer is to count the number of ballots in each parcel referred to in rule.
- 47.3 STV - The returning officer is, in accordance with this rule and rule 48 - STV, to transfer each sub-parcel of ballots referred to in rule 47.1(a) - STV to the candidate for whom the next available preference is given on those papers.
- 47.4 STV - The vote on each ballot transferred under rule 47.3 - STV shall be at a value ("the transfer value") which:
- (a) reduces the value of each vote transferred so that the total value of all such votes does not exceed the surplus; and,
 - (b) is calculated by dividing the surplus of the candidate from whom the votes are being transferred by the total number of the ballots on which those votes are given, the calculation being made to two decimal places (ignoring the remainder if any).
- 47.5 STV - Where at the end of any stage of the count involving the transfer of ballots, the number of votes for any candidate exceeds the quota, the returning officer is to sort the ballots in the sub-parcel of transferred votes which was last received by that candidate into separate sub-parcels so that they are grouped:
- (a) according to the next available preference given on those ballots for any continuing candidate; or,
 - (b) where no such preference is given, as the sub-parcel of non-transferable votes.
- 47.6 STV - The returning officer is, in accordance with this rule and rule 48 - STV, to transfer each sub-parcel of ballots referred to in rule 47.5(a) - STV to the candidate for whom the next available preference is given on those ballots.
- 47.7 STV - The vote on each ballot transferred under rule 47.6 - STV shall be at:
- (a) a transfer value calculated as set out in rule 47.4(b) - STV; or,
 - (b) at the value at which that vote was received by the candidate from whom it is now being transferred, whichever is the less.

- 47.8 STV - Each transfer of a surplus constitutes a stage in the count.
- 47.9 STV - Subject to rule 47.10 - STV, the returning officer shall proceed to transfer transferable ballots until no candidate who is deemed to be elected has a surplus or all the vacancies have been filled.
- 47.10 STV - Transferable ballots shall not be liable to be transferred where any surplus or surpluses which, at a particular stage of the count, have not already been transferred, are:
- (a) less than the difference between the total vote then credited to the continuing candidate with the lowest recorded vote and the vote of the candidate with the next lowest recorded vote; or,
 - (b) less than the difference between the total votes of the two or more continuing candidates, credited at that stage of the count with the lowest recorded total numbers of votes and the candidate next above such candidates.
- 47.11 STV - This rule does not apply at an election where there is only one vacancy.

48. STV - Supplementary provisions on transfer

- 48.1 STV - If, at any stage of the count, two or more candidates have surpluses, the transferable ballots of the candidate with the highest surplus shall be transferred first, and if:
- (a) The surpluses determined in respect of two or more candidates are equal, the transferable ballots of the candidate who had the highest recorded vote at the earliest preceding stage at which they had unequal votes shall be transferred first; and,
 - (b) the votes credited to two or more candidates were equal at all stages of the count, the returning officer shall decide between those candidates by lot, and the transferable ballots of the candidate on whom the lot falls shall be transferred first.
- 48.2 STV - The returning officer shall, on each transfer of transferable ballots under rule 47 - STV:
- (a) record the total value of the votes transferred to each candidate;
 - (b) add that value to the previous total of votes recorded for each candidate and record the new total;
 - (c) record as non-transferable votes the difference between the surplus and the total transfer value of the transferred votes and add that difference to the previously recorded total of non-transferable votes; and,
 - (d) compare:
 - (i) the total number of votes then recorded for all of the candidates, together with the total number of non-transferable votes; with,
 - (ii) the recorded total of valid first preference votes.

48.3 STV - All ballots transferred under rule 47 - STV or 48 - STV shall be clearly marked, either individually or as a sub-parcel, so as to indicate the transfer value recorded at that time to each vote on that ballot or, as the case may be, all the ballots in that sub-parcel.

48.4 STV - Where a ballot is so marked that it is unclear to the returning officer at any stage of the count under rule 47 - STV or 48 - STV for which candidate the next preference is recorded, the returning officer shall treat any vote on that ballot as a non-transferable vote; and votes on a ballot shall be so treated where, for example, the names of two or more candidates (whether continuing candidates or not) are so marked that, in the opinion of the returning officer, the same order of preference is indicated or the numerical sequence is broken.

49. STV - Exclusion of candidates

49.1 STV - If:

- (a) all transferable ballots which under the provisions of rule 47 – STV (including that rule as applied by rule 49.11 - STV and this rule are required to be transferred, have been transferred; and,
- (b) subject to rule 50 - STV, one or more vacancies remain to be filled;

the returning officer shall exclude from the election at that stage the candidate with the then lowest vote (or, where rule 49.12 - STV applies, the candidates with the then lowest votes).

49.2 STV - The returning officer shall sort all the ballots on which first preference votes are given for the candidate or candidates excluded under rule 49.1 - STV into two sub-parcels so that they are grouped as:

- (a) ballots on which a next available preference is given; and,
- (b) ballots on which no such preference is given (thereby including ballots on which preferences are given only for candidates who are deemed to be elected or are excluded).

49.3 STV - The returning officer shall, in accordance with this rule and rule 48 - STV, transfer each sub-parcel of ballots referred to in rule 49.2 - STV to the candidate for whom the next available preference is given on those ballots.

49.4 STV - The exclusion of a candidate, or of two or more candidates together, constitutes a further stage of the count.

49.5 STV - If, subject to rule 50 - STV, one or more vacancies still remain to be filled, the returning officer shall then sort the transferable ballots, if any, which had been transferred to any candidate excluded under rule 49.1 - STV into sub- parcels according to their transfer value.

49.6 STV - The returning officer shall transfer those ballots in the sub-parcel of transferable ballots with the highest transfer value to the continuing

candidates in accordance with the next available preferences given on those ballots (thereby passing over candidates who are deemed to be elected or are excluded).

- 49.7 STV - The vote on each transferable ballot transferred under rule STV49.6 shall be at the value at which that vote was received by the candidate excluded under rule STV49.1.
- 49.8 STV - Any ballots on which no next available preferences have been expressed shall be set aside as non-transferable votes.
- 49.9 STV - After the returning officer has completed the transfer of the ballots in the sub-parcel of ballots with the highest transfer value he or she shall proceed to transfer in the same way the sub-parcel of ballots with the next highest value and so on until he has dealt with each sub-parcel of a candidate excluded under rule STV49.1.
- 49.10 STV - The returning officer shall after each stage of the count completed under this rule:
- (a) record:
 - (i) the total value of votes; or,
 - (ii) the total transfer value of votes transferred to each candidate;
 - (b) add that total to the previous total of votes recorded for each candidate and record the new total;
 - (c) record the value of non-transferable votes and add that value to the previous non-transferable votes total; and,
 - (d) compare:
 - (i) the total number of votes then recorded for each candidate together with the total number of non-transferable votes; with,
 - (ii) the recorded total of valid first preference votes.
- 49.11 STV - If after a transfer of votes under any provision of this rule, a candidate has a surplus, that surplus shall be dealt with in accordance with rules 47.5 - STV 47.10 - STV and rule 48 - STV.
- 49.12 STV - Where the total of the votes of the two or more lowest candidates, together with any surpluses not transferred, is less than the number of votes credited to the next lowest candidate, the returning officer shall in one operation exclude such two or more candidates.
- 49.13 STV - If when a candidate has to be excluded under this rule, two or more candidates each have the same number of votes and are lowest:
- (a) regard shall be had to the total number of votes credited to those candidates at the earliest stage of the count at which they had an unequal number of votes and the candidate with the lowest number of votes at that stage shall be excluded; and,

(b) where the number of votes credited to those candidates was equal at all stages, the returning officer shall decide between the candidates by lot and the candidate on whom the lot falls shall be excluded.

50. STV - Filling of last vacancies

- 50.1 STV - Where the number of continuing candidates is equal to the number of vacancies remaining unfilled the continuing candidates shall thereupon be deemed to be elected.
- 50.2 STV - Where only one vacancy remains unfilled and the votes of any one continuing candidate are equal to or greater than the total of votes credited to other continuing candidates together with any surplus not transferred, the candidate shall thereupon be deemed to be elected.
- 50.3 STV - Where the last vacancies can be filled under this rule, no further transfer of votes shall be made.

51. STV - Order of election of candidates

- 51.1 STV - The order in which candidates whose votes equal or exceed the quota are deemed to be elected shall be the order in which their respective surpluses were transferred, or would have been transferred but for rule 47.10 - STV.
- 51.2 STV - A candidate credited with a number of votes equal to, and not greater than, the quota shall, for the purposes of this rule, be regarded as having had the smallest surplus at the stage of the count at which he obtained the quota.
- 51.3 STV - Where the surpluses of two or more candidates are equal and are not required to be transferred, regard shall be had to the total number of votes credited to such candidates at the earliest stage of the count at which they had an unequal number of votes and the surplus of the candidate who had the greatest number of votes at that stage shall be deemed to be the largest.
- 51.4 STV - Where the number of votes credited to two or more candidates were equal at all stages of the count, the returning officer shall decide between them by lot and the candidate on whom the lot falls shall be deemed to have been elected first.

51. FPP - Equality of votes

- 51.1 FPP - Where, after the counting of votes is completed, an equality of votes is found to exist between any candidates and the addition of a vote would entitle any of those candidates to be declared elected, the returning officer is to decide between those candidates by a lot, and proceed as if the candidate on whom the lot falls had received an additional vote.

Part 7 – Final proceedings in contested and uncontested elections**52. STV - Declaration of result for contested elections**

52.1 STV - In a contested election, when the result of the poll has been ascertained, the returning officer is to:

- (a) declare the candidates who are deemed to be elected under Part 6 of these rules as elected;
- (b) give notice of the name of each candidate who they have declared elected:
 - (i) where the election is held under a proposed Constitution pursuant to powers conferred on the Northern Lincolnshire and Goole Foundation NHS Trust by section 33(4) of the 2006 Act, to the chairman of the NHS Trust; or,

- (b) any transfer of votes;
- (b) the total number of votes for each candidate at each stage of the count at which such transfer took place;
- (d) the order in which the successful candidates were elected; and,
- (e) the number of rejected ballot papers under each of the headings in rule STV- 44.1, available on request.

52. FPP - Declaration of result for contested elections

52.1 FPP - In a contested election, when the result of the poll has been ascertained, the returning officer is to:

- (b) give notice of the name of each candidate who they have declared elected:
 - (i) where the election is held under a proposed constitution pursuant to powers conferred on the Northern Lincolnshire and Goole Foundation NHS Trust by section 33(4) of the 2006 Act, to the chairman of the NHS Trust, or
 - (ii) in any other case, to the chairman of the corporation; and,

- (b) give public notice of the name of each candidate whom they have declared elected.

52.2 FPP - The returning officer is to make:

53. Declaration of result for uncontested elections

54.1 On completion of the counting at a contested election, the returning officer is to seal up the following documents in separate packets:

- (a) the counted ballot papers;
- (b) the ballot papers endorsed with “rejected in part”;
- (c) the rejected ballot papers;

54.2 The returning officer must not open the sealed packets of:

- (a) the disqualified documents, with the list of disqualified documents inside it;
- (b) the list of spoiled ballot papers;

- (d) the list of eligible voters;
- (e) the complete electronic copies of records referred to in rule 26 held in a device suitable for the purpose of storage; and,
- (f) the list of tendered ballot papers.

54.3 The returning officer must endorse on each packet a description of:

- (a) its contents;

- (c) the name of the corporation to which the election relates; and,
- (d) the constituency, or class within a constituency, to which the election relates.

55. Delivery of documents

55.1 Once the documents relating to the poll have been sealed up and endorsed pursuant to rule 54, the returning officer is to forward them to the chair of the corporation.

56. Forwarding of documents received after close of the poll

56.1 Where:

- (a) any voting documents are received by the returning officer after the close of the poll; or,
- (b) any envelopes addressed to eligible voters are returned as undelivered too late to be resent; or,
- (c) any applications for replacement voter information is made too late to enable new ballot papers to be issued.

The returning officer is to put them in a separate packet, seal it up, and endorse and forward it to the chairman of the corporation.

57. Retention and public inspection of documents

57.1 The corporation is to retain the documents relating to an election that are forwarded to the chair by the returning officer under these rules for one year, and then, unless otherwise directed by the regulator, cause them to be destroyed.

57.2 With the exception of the documents listed in rule 58.1, the documents relating to an election that are held by the corporation shall be available for inspection by members of the public at all reasonable times.

57.3 A person may request a copy or extract from the documents relating to an election that are held by the corporation, and the corporation is to provide it, and may impose a reasonable charge for doing so.

58. Application for inspection of certain documents relating to an election

58.1 The corporation may not allow the inspection of, or the opening of any sealed packet containing:

- (a) any rejected ballot papers, including ballot papers rejected in part;

- (b) any disqualified documents, or the list of disqualified documents;

58.3 The Regulator's consent may be on any terms or conditions that it thinks necessary, including conditions as to:

- (a) persons;
- (b) time;

 - (ii) that the regulator has declared that the vote was invalid.

Part 9 – Death of a candidate during a contested election

59. STV - Countermand or abandonment of poll on death of candidate

59.1 STV - If, at a contested election, proof is given to the returning officer's satisfaction before the result of the election is declared that one of the persons named or to be named as a candidate has died, then the returning officer is to:

- (a) publish a notice stating that the candidate has died; and,
- (c) proceed with the counting of the votes as if that candidate had been excluded from the count so that:
 - (i) ballots which only have a first preference recorded for the candidate that has died, and no preferences for any other candidates, are not to be counted; and,

- (ii) ballots which have preferences recorded for other candidates are to be counted according to the consecutive order of those preferences, passing over preferences marked for the candidate who has died.

59.2 STV - The ballots which have preferences recorded for the candidate who has died are to be sealed with the other counted ballots pursuant to rule 54.1(a).

59. FPP - Countermand or abandonment of poll on death of candidate

59.1 FPP - If at a contested election, proof is given to the returning officer's satisfaction before the result of the election is declared that one of the persons named or to be named as a candidate has died, then the returning officer is to:

- (a) countermand notice of the poll, or, if voting information has been issued, direct that the poll be abandoned within that constituency or class; and,

4. Code of Conduct for the Council of Governors and the Nolan Principles

4.1 Introduction

- 4.1.1 This code seeks to outline appropriate conduct for governors, and addresses both the requirements of office and their personal behaviour. Ideally any penalties for non-compliance would never need to be applied; however a code is considered an essential guide for governors, particularly those who are newly elected.
- 4.1.2 The code seeks to expand on or complement the Constitution. Copies will be made available for the information of all governors and for those considering seeking election to the trust's Council of Governors.
- 4.1.3 Members seeking election to the Council of Governors should sign a declaration to confirm that they will comply with the code in all respects and that, in particular, they support the trust's objectives.

4.2 Qualifications for Office

Members of the Council of Governors must continue to comply with the qualifications required to hold elected office throughout their period of tenure as defined in the Constitution. The Chairman should be advised of any changes in circumstances, which disqualify the governor from continuing in office. An example of this would be a public governor becoming an employee of the trust.

4.3 Code of Conduct Role and Functions

In addition to their duties set out in the Constitution, and specifically in relation to matters of conduct, governors should:

- 4.3.1** adhere to the trust's rules and policies and support its objectives, in particular those of retaining foundation status and developing a successful organisation;
- 4.3.2** act in the best interests of the trust at all times;
- 4.3.3** contribute to the workings of the Council of Governors in order for it to fulfil its role and functions as defined in the Constitution;
- 4.3.4** recognise that their role is a collective one. They exercise collective decision making in the meeting room, which is recorded in the minutes. Outside the meeting room a governor has no more rights and privileges than any other member;
- 4.3.5** note that the functions allotted to the Council of Governors are not of a managerial nature.

4.4 Confidentiality

All governors are required to respect the confidentiality of the information they are made privy to as a result of their membership of the Council of Governors.

4.5 Conflict of Interests

- 4.5.1** Governors should act with the utmost integrity and objectivity and in the best interests of the trust in performing their duties. They should not use their position for personal advantage or seek to gain preferential treatment. Any governor who has a material interest in a matter as defined by the Constitution, shall declare such interest to the Council of Governors and:
 - shall not vote on any such matters;
 - shall not be present except with the permission of the Council of Governors in any discussion of the matter.
- 4.5.2** If in any doubt the governor should seek advice from the Chairman and/or Trust Secretary. It is important that conflicts of interest are addressed and are seen to be actioned in the interests of the trust and all individuals concerned.
- 4.5.3** Any governor who fails to disclose any interest required to be disclosed under the preceding paragraph must permanently vacate their office if required to do so by a majority of the remaining governors.
- 4.5.4** The Register of Governors Interests will feature as a standing item on the agenda of each meeting of the Council of Governors.

4.6 Council of Governors Meetings

- 4.6.1** Governors have a responsibility to attend meetings of the Council of Governors. When this is not possible they should submit an apology to the Chairman's office in advance of the meeting stating the reason for non-attendance. The reason for non-attendance will be recorded in the minutes of the meeting.
- 4.6.2** In accordance with the Constitution, absence from the Council of Governors meetings without good reason established to the satisfaction of the Council of Governors is grounds for disqualification. If a governor fails to attend half of the meetings of the Council of Governors in any financial year his or her tenure of office is to be immediately terminated unless the other governors are satisfied that the absence was due to a reasonable cause and he or she will be able to start attending meetings of the trust again within such a period as they consider reasonable.
- 4.6.3** Governors are expected to attend for the duration of the meeting.

4.7 Personal Conduct

Governors are required to adhere to the highest standards of conduct in the performance of their duties. In respect of their interaction with others, they are required to:

- 4.7.1** adhere to good practice in respect of the conduct of meetings and respect the views of their fellow elected members;
- 4.7.2** be mindful of conduct which could be deemed to be unfair or discriminatory;
- 4.7.3** treat the trust's executives and other employees with respect and in accordance with the trust's policy in this respect;
- 4.7.4** recognise that the Council of Governors and management have a common purpose, i.e. the success of the trust and adopt a team approach;
- 4.7.5** conduct themselves in such a manner as to reflect positively on the trust. When attending external meetings or any other events at which they are present, it is important for governors to be ambassadors for the trust.

4.8 Accountability

Governors are accountable to the membership and should demonstrate this by attending members' meetings and other key events, which provide opportunities to interface with their electorate in order to understand their views.

4.9 Induction and Development

Training is essential for governors, in respect of the effective performance of their current role. Governors are required to adhere to the trust's policy in all respects.

4.10 Visits to Trust Premises

Where governors wish to visit the premises of the trust in a formal capacity as opposed to individuals in a personal capacity, the Council of Governors should liaise with the Membership Office to make the necessary arrangements.

4.11 Non-Compliance with the Code of Conduct

4.11.1 Non-compliance with the code may result in action being taken as follows:

- Where misconduct takes place, the Chairman shall be authorised to take such action as may be immediately required, including the exclusion of the person concerned from a meeting.
- Where such misconduct is alleged, it shall be open to the Council of Governors to decide, by simple majority of those in attendance, to lay a formal charge of misconduct:
 - notifying the governor in writing of the charge/s, detailing the specific behaviour, which is considered to be detrimental to the trust, and inviting and considering their response within a defined timescale.
 - inviting the governor to address the Council of Governors in person if the matter cannot be resolved satisfactorily through correspondence;
 - deciding, by simple majority of those present and voting, whether to uphold the charge of conduct detrimental to the trust;
 - imposing such sanctions as shall be deemed appropriate. Such sanctions will range from the issuing of a written warning as to the member's future conduct and consequences, non-payment of expenses to the removal of the governor from office.

4.11.2 A governor may be removed from the Council of Governors by a resolution approved by not less than two-thirds of the remaining governors present and voting at a general meeting of the Council of Governors.

4.11.3 This code of conduct does not limit or invalidate the right of the governor or the trust to act under the Constitution.

4.12 Nolan Principles – the seven principles of public life

Governors should act in accordance with the Nolan Principles, namely:

Selflessness: Holders of public office should take decisions solely in terms of the public interest. They should not do so to gain financial or other material benefit for themselves, their family or their friends.

Integrity: Holders of public office should not place themselves under any financial or other obligation to outside individuals or organisations that might influence them in the performance of their official duties.

Objectivity: In carrying out public business, including making public appointments, awarding contracts or recommending individuals for rewards and benefits, holders of public office should make choice on merit.

Accountability: Holders of public office are accountable for their decisions and actions to the public and must submit themselves to whatever scrutiny is appropriate to their office.

Openness: Holders of public office should be as open as possible about all the decisions and actions they take. They should give reasons for their decisions and restrict information only when the wider public interest clearly demands.

Honesty: Holders of public office have a duty to declare any private interests relating to their public duties and to take steps to resolve any conflicts arising in a way that protects the public interest.

Leadership: Holders of public office should promote and support these principles by leadership and example.

5. Declarations of Interests and Register of Interests

5.1 Declarations

5.1.1 In accordance with the Constitution and the 2006 Act and in recognition of the codes of conduct and accountability issued by the Department of Health the trust is required to maintain a register of interests of governors. The governors must declare any relevant and material interest, whether direct or indirect, in any contract, proposed contract or other matter which is under consideration by the Council of Governors.

5.1.2 Interests, which should be regarded as 'relevant and material' are:

- Directorships, including non-executive directorships held in private companies or PLCs (with the exception of those of dormant companies) likely or possibly seeking to do business with the NHS.
- Ownership, part-ownership or directorship of private companies, businesses or consultancies likely or possibly seeking to do business with the NHS.

5.1.3 The trust will interpret the phrase 'relevant and material' in accordance with guidance issued from time to time by the Independent Regulator.

5.1.4 If governors have any doubt about the relevance of an interest, this should be discussed with the Chairman.

5.1.5 The exceptions, which shall not be treated as material interests are as follows:

- shares not exceeding 2% of the total shares in issue held in any company whose shares are listed on any public exchange.
- an employment contract held by staff governors.
- an employment contract with a CCG held by a CCG governor.
- an employment contract with a local authority held by a local authority governor.
- an employment contract with a partnership organisation held by a partnership governor.

5.2 Register of Interests

5.2.1 The Trust Secretary will ensure that a register of interests is established to record formally declarations of interests of governors. In particular the register will include details of all directorships and other relevant and material interests, which governors have declared.

5.2.2 These details will be kept up to date and governors must disclose any relevant and material interest as soon as they are aware of it.

5.2.3 The register will be available for inspection by members of the public free of charge.

5.3 Disclosure

Any governor who has a material interest as defined above shall declare such interest to the Council of Governors and:

- shall not be present except with the permission of the Council of Governors in any discussion with relevance to the interest,;
- shall not vote on the issue (and if by inadvertence they do remain and vote, their vote shall not be counted).

6. Business Scope

- 6.1** All business shall be conducted using these Standing Orders in the name of the trust.

- 6.3** The trust has resolved that certain powers and decisions may only be exercised by the board in formal session. These powers and decisions are set out in the “Reservation of Powers to the Board” and have effect as if incorporated into the standing orders.

PART II - APPOINTMENT TO THE BOARD

7. Composition of the Trust Board

In accordance with the Constitution the composition of the board of the trust shall comprise a Chairman, five non-executive directors, and five executive directors including the Chief Executive, Director of Finance, a registered medical practitioner and a registered nurse or midwife.

8. Appointment of the Chairman and Non-Executive Directors

8.1 The trust has resolved that certain powers and decisions may only be exercised by the board in formal session. These powers and decisions are set out in the "Reservation of Powers to the Board" and have effect as if incorporated into the standing orders.

8.2 In accordance with the Constitution, the appointment and removal of the Chairman and the other non-executive directors is the prerogative of the Council of Governors. The skills required to be fulfilled by the non-executive director will be assessed and agreed by the Trust Board.

8.3 For the appointment of a chairman the trust shall appoint a nominations panel (of the Appointments & Remuneration Committee for Non-Executive Directors) which will include the Senior Independent Director (or another non-executive director in the case of a conflict of interests) and at least three governors to interview applicants and make a recommendation to the Council of Governors.

8.4 In the case of other non-executive directors the trust shall appoint a nominations panel which will include the Chairman, and at least three governors to interview applicants and to make a recommendation to the Council of Governors.

9. Terms of Office of the Chairman and Non-Executive Directors

Unless the Council of Governors decides otherwise from time to time the Chairman and the non-executive directors are to be appointed for a term of three years and will be eligible for reappointment for one further term of three years. Any term beyond six years (e.g. two three year terms) for a non-executive director shall be subject to particularly rigorous review, and shall take into account the need for progressive refreshing of the board. Non-executive directors may in exceptional circumstances serve longer than six years (e.g. two three-year terms following authorisation of the NHS foundation trust), but subject to annual re-appointment.

10. Performance Appraisal of the Chairman

The non-executive directors shall meet without the Chairman at least annually to evaluate the Chairman's performance as part of a process of appraisal which has been agreed with the Council of Governors.

11. Appointment of Deputy Chairman

11.1 For the purpose of enabling the proceedings of the trust to be conducted in the absence of the Chairman, the Council of Governors will appoint a non-executive director to be Deputy Chairman for such a period, not exceeding the remainder of the term as non-executive director of the trust, as it may specify on making the appointment. If the Chairman is unable to discharge the office of chairman of the trust, the Deputy Chairman shall be Acting Chairman of the trust.

11.2 Any non-executive director so elected may at any time resign from the office of Deputy Chairman by giving notice in writing to the Chairman and the Council of Governors may thereupon appoint another non-executive director as Deputy Chairman.

12. Powers of Deputy Chairman

Where the Chairman of the trust has died or has otherwise ceased to hold office or where he/she has been unable to perform his/her duties as Chairman owing to illness, absence from England and Wales or any other cause, references to the Chairman in these Standing Orders shall, so long as there is no Chairman able to perform his/her duties, be taken to include references to the Deputy Chairman.

13. Appointment of Senior Independent Director

The NHS Foundation Trust Code of Governance recommends that the Board of Directors should appoint a non-Executive Director as the Senior Independent Director as an alternative point of contact for governors and directors when they have concerns that have not been resolved through the normal channels of Chair, Chief Executive, Finance Director or Trust Secretary or for which such contact is inappropriate. The criteria and process for the appointment of a Senior Independent Director is set out in Appendix A of the Terms of Reference and Membership Appointments & Remuneration Committee for Non-Executive Directors.

14. Executive Directors – Additional Appointments

14.1 With the approval of the Trust Board, an executive director may accept not more than one appointment as a non-executive director of another NHS foundation trust or an organisation of comparable size and complexity.

14.2 An executive director may not accept an appointment as chairman of another NHS foundation trust or an organisation of comparable size and complexity.

15. Executive Directors – Joint Appointments

15.1 The Trust recognises that as partnership and collaborative working is further developed with partners, opportunities may arise to introduce joint executive roles (the Trust currently has a joint Chief Financial Officer and a Chief Information Officer with Hull University Hospitals NHS Trust). Such opportunities are managed in accordance with section 7 ('Joint Roles with Other Trusts') of the 'Principles Framework for Determining the Remuneration & Terms of Service for the Chief Executive and Executive Directors'.

16. Declaration of Interests

16.1 The regulatory framework requires board directors to declare interests that are relevant and material to the NHS foundation trust board of which they are a director.

16.2 All existing board directors should declare such interests. Any board directors appointed subsequently should do so on appointment.

16.3 Interests which should be regarded as "relevant and material" are:

- (a) Directorships, including non-executive directorships held in private companies or PLCs (with the exception of those of dormant companies) likely or possibly seeking to do business with the NHS.
- (b) Ownership, part-ownership or directorates of private companies, businesses or consultancies likely or possibly seeking to do business with the NHS;
- (c) Majority or controlling share holdings in organisations likely or possibly seeking to do business with the NHS;
- (d) A position of authority in a charity or voluntary organisation in the field of health and social care;
- (e) Any connection with a voluntary or other organisation contracting for NHS services or commissioning NHS services;
- (f) Any connection with an organisation, entity or company considering entering into a financial arrangement with the trust, including, but not limited to, lenders or banks.

16.4 If board directors have any doubt about the relevance of an interest, this should be discussed with the Chairman.

- 16.5** At the time board directors' interests are declared, they should be recorded in the board minutes. Any changes in interests should be declared at the next board meeting following the change occurring.
- 16.6** Board directors' directorships of companies likely or possibly seeking to do business with the NHS should be published in the board's annual report. The information should be kept up to date for inclusion in succeeding annual reports.
- 16.7** During the course of a board meeting, if a conflict of interest is established, the board director concerned should withdraw from the meeting and play no part in the relevant discussion or decision.
- 16.8** There is no requirement for the interests of board directors' spouses or partners to be declared. (Note, however, that SO 29.0 requires that the interest of directors' spouses, if living together, in contracts should be declared).

17. Register of Interests

- 17.1** In accordance with the Constitution the Trust Secretary will ensure that a Register of Interests is established to record formally declarations of interests of directors. In particular the register will include details of all directorships and other relevant and material interests which have been declared by both executive and non-executive board directors, as defined in SO 14.3.
- 17.2** These details will be kept up to date by means of an annual review of the register in which any changes to interests declared during the preceding twelve months will be incorporated and reviewed by the Trust Board.
- 17.3** The register will be available to the public and the Chairman will take reasonable steps to bring the existence of the register to the attention of the local population and to publicise arrangements for viewing it.

PART III - MEETINGS OF THE TRUST BOARD

18. Calling Meetings / Extraordinary Meetings

- 18.1** The Chief Executive may call a meeting of the Trust Board at any time. The Chairman or four directors may request the Chief Executive to call a meeting giving written notice of the business to be carried out. The Chief Executive shall send a written notice to all directors as soon as possible after the receipt of such a request. The Chief Executive shall call a meeting on at least fourteen, but not more than twenty-eight, days' notice to discuss the specified business. If the Chief Executive fails to call such a meeting then the Chairman, or four directors, whichever is the case, may forthwith call a meeting.

- 18.2** The ordinary meetings of the Trust Board shall, unless otherwise be determined, be held on a nominated day each month or at such other times as the board may determine and at such places as the board may determine.
- 18.3** Meetings of the Trust Board shall be open to the public, unless and to the extent that the Trust Board has resolved that members of the public should be excluded from a meeting due to special reasons.
- 18.4** The Chairman (or Deputy Chairman in the absence of the Chairman) shall give such directions as the Chairman thinks fit in regard to the arrangements for meetings and accommodation of the public and representatives of the press such as to ensure that the Trust Board's business shall be conducted without interruption and disruption.
- 18.5** Nothing in these Standing Orders shall require the Trust Board to allow members of the public or representative of the press to record proceedings in any manner whatsoever, other than writing, or to make an oral report of proceedings as they take place without the prior agreement of the Trust Board.

19. Notice of Meetings

- 19.1** Save in the case of emergencies or the need to conduct urgent business, the Chairman's office shall give to all directors at least fourteen days written notice of the date and place of every meeting of the Board of Directors.
- 19.2** Before each meeting of the Board of Directors, a notice of the meeting, specifying the business proposed to be transacted at it shall be delivered to every director, or sent by post to the usual place of residence of such director, so as to be available to every director at least three clear days before the meeting.
- 19.3** Lack of service of the notice on any director shall not affect the validity of a meeting.
- 19.4** In the case of a meeting called by directors or the Chairman, in default of the Chief Executive, the notice shall be signed by those directors or the Chairman and no business shall be transacted at the meeting other than that specified in the notice.
- 19.5** Failure to serve such a notice on more than two directors will invalidate the meeting. A notice shall be presumed to have been served at the time at which the notice would be delivered in the ordinary course of the post.

20. Notice of Agenda Items

- 20.1** The trust may determine that certain matters shall appear on every agenda for a meeting of the Trust Board and shall be addressed prior to any other business being conducted, which will have effect as though incorporated into

the Standing Orders.

- 20.2** A director wishing to propose an agenda item or motion should send written notice 8 clear days before the meeting to the Chairman who shall insert the item or motion in the agenda for the meeting. Requests made less than eight days before a meeting may be included on the agenda at the discretion of the Chairman.
- 20.3** Notwithstanding the intent of the previous paragraph urgent business may be raised at a meeting of the board provided the director wishing to raise such business has given notice to the Chief Executive not later than the day preceding the meeting or in exceptional circumstances not later than one hour before the meeting. In either case, the Chairman (or in his/her absence the Deputy Chairman) shall determine in consultation with the Chief Executive, the urgency of the proposed business and whether it should be discussed, deferred to the next meeting, or dealt with by the Chief Executive.
- 20.4** Before holding a meeting, the Trust Board shall send a copy of the agenda to the Council of Governors.

21. Chairman of Meeting

- 21.1** At any meeting of the Board of Directors, the Chairman, if present, shall preside.
- 21.2** If the Chairman is absent from the meeting the Deputy Chairman, if present, shall preside. If the Chairman and Deputy Chairman are absent such non-executive director as the directors present shall choose shall preside.
- 21.3** If the Chairman is absent from the meeting temporarily on the grounds of a declared conflict of interest the Deputy Chairman, if present, shall preside. If Chairman and Deputy Chairman are absent, or are disqualified from participating, such non-executive director as the directors present shall choose shall preside.

22. Annual Members' Meeting

In accordance with the Constitution the trust will hold a members meeting (the "annual members' meeting") within nine months of the end of the financial year.

23. Motions

- 23.1** A director of the trust wishing to move or amend a motion shall send a written notice thereof at least 8 clear days before the meeting to the Chairman, who shall insert in the agenda for the meeting all notices so received subject to the notice being permissible under the appropriate regulations. This paragraph shall not prevent any motion being moved during the meeting, without notice,

on any business mentioned on the agenda subject to SO 17.4

23.2 A motion or amendment once moved and seconded may be withdrawn by the proposer with the concurrence of the seconder and the consent of the Chairman.

23.3 Notice of motion to amend or rescind any resolution (or the general substance of any resolution) which has been passed within the preceding 6 calendar months shall bear the signature of the director(s) who gives it and also the signature of 4 other directors. When any such motion has been disposed of by the trust, it shall not be competent for any director other than the Chairman to propose a motion to the same effect within 6 months.

23.4 When a motion is under discussion or immediately prior to discussion it shall be open to a director to move:

- An amendment to the motion.
- The adjournment of the discussion or the meeting.
- That the meeting proceed to the next business. (*)
- The appointment of an ad hoc committee to deal with a specific item of business.
- That the motion be now put. (*) □□

In the case of sub-paragraphs denoted by (*) above to ensure objectivity motions may only be put by a director who has not previously taken part in the debate and who is eligible to vote.

23.5 No amendment to the motion shall be admitted if, in the opinion of the chairman of the meeting, the amendment negates the substance of the motion.

23.6 The mover of a motion shall have a right of reply at the close of any discussion on the motion or any amendment thereto.

24. Chairman's Ruling

Statements of directors made at meetings of the board shall be relevant to the matter under discussion at the material time. The decision of the chairman of the meeting on questions of order, relevancy and regularity (including procedure on handling motions) and his/her interpretation of the Standing Orders, shall be final. In this interpretation he/she shall be advised by the Chief Executive and in the case of Standing Financial Instructions by the Director of Finance.

25. Voting

- 25.1** Every question at a meeting can be determined by a majority of the votes of the directors present and voting on the question and, in the case of any equality of votes, the person presiding shall have a second or casting vote.
- 25.2** All questions put to the vote shall, at the discretion of the chairman of the meeting, be determined by oral expression or by a show of hands. A paper ballot may also be used if a majority of the directors present so request.
- 25.3** If at least one-third of the directors present so request, the voting (other than by paper ballot) on any question may be recorded to show how each director present voted or abstained.
- 25.4** If a director so requests, his/her vote shall be recorded by name upon any vote (other than by paper ballot).
- 25.5** In no circumstances may an absent director vote by proxy. Absence is defined as being absent at the time of the vote.
- 25.6** Any director or member of a committee of the directors may participate in a meeting of the board of directors or such committee by means of a conference telephone or similar communications equipment whereby all persons participating in the meeting can hear each other and participation in the meeting in this manner shall be deemed to constitute presence in person at such meeting.
- 25.7** A resolution in writing signed by all of the directors entitled to receive notice of a meeting of the board of directors shall be as valid and effectual as if it had been passed at a meeting of the board of directors duly convened and held and may consist of several documents in the like form each signed by one or more directors.
- 25.8** A resolution in electronic form sent to all of the directors entitled to receive notice of a meeting of the board of directors by electronic communication (for the purposes of this provision “electronic communication” means a communication transmitted (whether from one person to another, from one device to another or from a person to a device or vice versa) (a) by means of an electronic communications network; or (b) by other means but while in an electronic form) to the electronic addresses notified to the trust by each of the directors, shall be as valid and effectual as if it had been passed at a meeting of the board of directors duly convened and held provided that each and every director entitled to receive a notice of a meeting of the board of directors responds by electronic communication to the electronic address from which the resolution in electronic form was transmitted from, confirming their acceptance of the resolution.
- 25.9** An acting director who has been appointed formally by the appropriate appointments committee in accordance with the Constitution to carry out a vacant director’s duties during a period of temporary incapacity, shall be entitled to exercise the voting rights of the director. An officer attending the

board to represent an executive director during a period of incapacity or temporary absence without being formally appointed to the board may not exercise the voting rights of the executive director. An officer's status when attending a meeting shall be recorded in the minutes.

26. Minutes

- 26.1** The minutes of the proceedings of a meeting shall be drawn up and submitted for agreement at the next ensuing meeting where they will be signed by the person presiding at it.
- 26.2** The names of the directors present at the meeting shall be recorded in the minutes. No discussion shall take place upon the minutes except upon their accuracy or where the Chairman considers discussion appropriate. Any amendment to the minutes shall be agreed and recorded at the next meeting.
- 26.3** It is the responsibility of each individual director to ensure that, where they have concerns which cannot be resolved about the running of the foundation trust or a proposed action, those concerns are recorded in the board minutes.
- 26.4** Minutes shall be circulated in accordance with directors' wishes.
- 26.5** A copy of the minutes shall be provided by the Trust Board to the Council of Governors as soon as practicable after the meeting to which they relate.

27. Quorum

- 27.1** No business shall be transacted at a meeting of the Trust Board unless at least six of the directors are present including not less than three executive directors (one of whom must be the Chief Executive or Finance Director) and three non-executive directors.
- 27.2** An officer in attendance for an executive director but without formal acting up status may not count towards the quorum.
- 27.3** If a director has been disqualified from participating in the discussion on any matter and/or from voting on any resolution by reason of the declaration of a conflict of interest (see SO 13.0 and 29.0) he/she shall no longer count towards the quorum. If a quorum is then not available for the discussion and/or the passing of a resolution on any matter, that matter may not be discussed further or voted upon at that meeting.
