The top four reasons for not reporting antisocial behaviour issues for 2021 to 2022 had mostly increased, meaning more think of these as the main reasons for feeling unable to report issues to the police:

	2021	2022	% increase/decrease
I wasn't confident that anything would happen	53.5%	58.2%	4.7% increase
No chance of catching the perpetrator	30.4%	33.6%	3.2% increase
I didn't think it would be taken seriously	28.1%	29.2%	1.1% increase
It wasn't serious enough to report	20.8%	17.2%	3.6% increase

Those aware of the community trigger for antisocial behaviour:

	2021	2022	% increase/decrease
Yes, and I have used it	2%	2.2%	0.2% increase
Yes, but I have not used it	8.9%	9.9%	1% increase
No	89.1%	87.9%	1.2% increase

There was a 0.2% increase in those who have heard of and use the community trigger, as well as a 1% increase in those who have heard of it but have not used it. This is also supported by a 1.2% decrease in those that are not aware, overall, more are becoming aware of what the community trigger for antisocial behaviour is.
