The new Skills and Employability Plan covers the five period from 2023 to 2028 and is closely aligned to the new Economic Growth Plan covering the same time period.

3. SKILLS AND EMPLOYABILITY PLAN 2023-2028

- 3.1 The new Skills and Employability Plan has been developed following two specific pieces of research undertaken over the past year and a half to develop a robust evidence base on skills challenges and opportunities across North Lincolnshire. The first study involved an analysis of current and future skills demand and supply in North Lincolnshire. This piece of work involved considerable data analysis from national and local sources plus 'skills conversations with over 100 local organisations. The outcome of the first study was a report which has acted as a quantitative and qualitative evidence base in terms of both supply and demand of skills at

a sectoral level and overall North Lincolnshire Level. The report provides a robust evidence base on which partners, skills providers, businesses and investors can make informed employment and skills decisions.

- 3.2 Building on the first study, a second piece of work has been undertaken to review the Skills ecosystem and framework operating across North Lincolnshire. This piece of work was undertaken in close collaboration with the Skills Transformation Board members in terms of looking at local priorities, the 'ecosystem' and 'skills infrastructure'. The report from this innovative piece of work raised considerations for the future development of local skills leadership and investment frameworks in North Lincolnshire and also proposed a starting point for the 2023 North Lincolnshire Skills Plan.
- 3.3. Our approach to developing the new Skills and Employability Plan builds on the work that has taken place to understand the system in which skills operate within North Lincolnshire. Essentially, we have looked at 3 inter-related elements – People, Employers and Skills Infrastructure and have closely aligned our priorities and interventions to the Economic Growth Plan and evidence of need and demand.
