

NORTH LINCOLNSHIRE COUNCIL

AUDIT COMMITTEE

LOCAL CODE OF CORPORATE GOVERNANCE

1. OBJECT AND KEY POINTS IN THIS REPORT

- 1.1 To approve the updated Code of Corporate Governance which has been compiled in accordance with guidance provided by the Chartered Institute of Public Finance and Accountancy (CIPFA) and the Society of Local Government Chief Executives (SOLACE) in their document “Delivering Good Governance in Local Governance Framework” (2016).
- 1.2 The council is committed to achieving good corporate governance and this Local Code describes how the council intends to achieve this in an open and explicit way.

2. BACKGROUND INFORMATION

- 2.1 In April 2016 the Chartered Institute of Public Finance and Accountancy (CIPFA) and the Society of Local Government Chief Executives (SOLACE) issued their document “Delivering Good Governance in Local Government: a Framework”. It is based on seven principles underpinning the framework.
 - Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law
 - Ensuring openness and comprehensive stakeholder engagement
 - Defining outcomes in terms of sustainable economic, social and environmental benefits
 - Determining the interventions necessary to optimize the achievement of intended outcomes
 - Developing the entity’s capacity, including the capacity of its leadership and the individuals within it
 - Managing risks and performance through robust internal control and strong financial management
 - Implementing good practices in transparency, reporting and audit to deliver effective accountability
- 2.2 The Council adopted this framework in 2016 and adopted a local code around the seven principles.

The Code is subject to annual review and the latest Local Code of Corporate Governance is shown on Appendix 1.

- 2.3 The updated Code shows that overall the council continues to comply with the principles outlined in the CIPFA/SOLACE Framework. The effectiveness of these arrangements will be reported in the Annual Governance Statement.

3. OPTIONS FOR CONSIDERATION

- 3.1 The Committee is asked to consider whether or not the revised Code of Corporate Governance sufficiently sets out how the council complies with the Corporate Governance Principles. If it concludes that it does the Committee is invited to approve the updated Code. The Committee may make amendments or seek clarification as necessary.

4. ANALYSIS OF OPTIONS

- 4.1 The Code of Corporate Governance provides this Committee with an overview of the council's governance arrangements. Members should seek clarification on its contents as necessary to ensure the Code provides sufficient assurance to fulfil their role as set out in the Committee's terms of reference.

5. FINANCIAL AND OTHER RESOURCE IMPLICATIONS (e.g. LEGAL, HR, PROPERTY, IT, COMMUNICATIONS etc.)

- 5.1 Regular review of governance arrangements should safeguard the council's assets and ensure that value for money is achieved in the use of resources.

6. OTHER RELEVANT IMPLICATIONS (e.g. CRIME AND DISORDER, EQUALITIES, COUNCIL PLAN, ENVIRONMENTAL, RISK etc.)

- 6.1 Ineffective corporate governance arrangements have a number of inherent risks in the context of organisational management, the use of resources and service delivery. Designing a Code of Governance based on national frameworks and responding to the issues raised in the 2019/20 AGS is a means of mitigating such potential risks.

7. OUTCOMES OF INTEGRATED IMPACT ASSESSMENT (IF APPLICABLE)

- 7.1 An Integrated Impact Assessment is not required.

8. **OUTCOMES OF CONSULTATION AND CONFLICTS OF INTERESTS DECLARED**

8.1 There are no conflicts of interests to declare.

9. **RECOMMENDATIONS**

9.1 That the Audit Committee is asked to approve the updated Code of Corporate Governance.

North Lincolnshire Council Local Code of Corporate Governance

Approved by: Audit Committee

LOCAL CODE OF CORPORATE GOVERNANCE INTRODUCTION

The International Framework: Good Governance in the Public Sector (CIPFA/IFAC, 2014) defines governance as follows:

“Governance comprises the arrangements put in place to ensure that the intended outcomes for stakeholders are defined and achieved”

The International Framework also states that:

“To deliver good governance in the public sector, both governing bodies and individuals working for public sector entities must try to achieve their entity’s objectives while acting in the public interest at all times”.

Acting in the public interest implies primary consideration of the benefits for society, which should result in positive outcomes for service users and other stakeholders”

GOOD CORPORATE GOVERNANCE

North Lincolnshire Council is committed to achieving good corporate governance and this Local Code describes how the council intends to achieve this in an open and explicit way. The local code is based upon the CIPFA SOLACE framework “Delivering Good Governance in Local Government” (April 2016) which replaced the document published in 2007. As laid out in the guidance it *“is intended to assist authorities individually in reviewing and accounting for their own unique approach. The overall aim is to ensure that resources are directed in accordance with agreed policy and according to priorities, that there is sound and inclusive decision making and that there is clear accountability for the use of those resources in order to achieve desired outcomes for service users and communities”.* Consequently, the local Code has been written to reflect the council’s own structure, functions, and the governance arrangements in existence.

*The local code is based on the following 7 principles, the first 2 of which underpin the remaining 5 with the overall aim of **“Achieving the intended outcomes while acting in the public interest at all times”.***

The principles are as follows:

Acting in the public interest requires a commitment to and effective arrangements for:

- A. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law
- B. Ensuring openness and comprehensive stakeholder engagement

In addition to the overarching requirements for acting in the public interest in principles A and B, achieving good governance also requires a commitment to and effective arrangements for:

- C. Defining outcomes in terms of sustainable economic, social, and environmental benefits

- D. Determining the interventions necessary to optimise the achievement of the intended outcomes
- E. Developing the entity's capacity, including the capability of its leadership and the individuals within it
- F. Managing risks and performance through robust internal control and strong public financial management
- G. Implementing good practices in transparency, reporting, and audit to deliver effective accountability

The following details how the council meets the core principles and the systems, policies and procedures it has in place to support this.

MONITORING AND REVIEW

The design and content of the Code of Corporate Governance is subject to annual review and update to reflect changes in the council's policies and processes.

The effectiveness of the governance arrangements are assessed annually and reported in the Annual Governance Statement (AGS). The council has adopted the "three lines of defence model" of assurance, where:

First Line – (delivery/operational area)

Each Director is required to complete an annual self-assessment as to how assurances are sought to confirm that the services and functions they are responsible for comply with each of the seven principles.

Second Line - (oversight of management activity and separate from those responsible for delivery)

A range of reports are produced annually or throughout the year from those responsible for the oversight of management activity which provide assurance on the operation of elements of the governance framework, including:

Executive Reporting

- Annual Report of Adults Safeguarding Board
- Annual Report of the Children's Multi Agency Resilience and Safeguarding Board
- Annual Education Report
- Director of Public Health Annual Report
- Annual Report for Adult Social Care (Local Account)
- Annual Report for Children's Services
- Annual Special Education Needs Report
- Annual Complaints Report (including Children and Adults Social Care)

Non-Executive Reporting

- Annual Risk Management Report
- Annual Report of the Standards Committee
- Annual Report of the Audit Committee
- Annual and Mid-Year Treasury Management Report
- Annual Fraud Report
- Annual ICT Assurance Report
- Annual Statement of Accounts

Third line (independent oversight)

- External inspectorates, such as Ofsted and the Care Quality Commission
- External audit
- Internal audit
- Ombudsman

Core Principle A: Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law

Rational: Local government organisations are accountable not only for how much they spend, but also for how they use the resources under their stewardship. This includes accountability for outputs, both positive and negative, and for the outcomes they have achieved. In addition, they have an overarching responsibility to serve the public interest in adhering to the requirements of legislation and government policies. It is essential that, as a whole, they can demonstrate the appropriateness of all their actions across all activities and have mechanisms in place to encourage and enforce adherence to ethical values and to respect the rule of law.

To demonstrate its commitment to achieving good governance, North Lincolnshire Council has:

Behaving with integrity

- A well-established Code of Conduct for Members to ensure that high standards of conduct are maintained. All new members are made aware of the Code as part of their induction process.
- A 'Declaration of Acceptance of Office' that is signed by Members once elected which refers to the Code.
- Established procedures for dealing with breaches of the Member Code of Conduct.
- Promoted the NLC Code of Conduct to Town and Parish councils which all have adopted.
- A Standards Committee responsible for overseeing the conduct of members and identifying learning and development for members in relation to the Code of Conduct. The Committee receives a report at each meeting on the progress of complaints/investigations. An annual report is presented to the Standards Committee on councillors' compliance with the ethical standards framework.
- Standards Committee Members are trained on the Code of Conduct.
- An Employee Code of Conduct that sets out standards of behaviour and conduct the council expects of its employees to ensure that public business is conducted with fairness and integrity. This is signposted as part of staff induction.
- The NLC Team Membership Pack containing information on the council; including what can be expected from the council as well as from the employee.
- #teamNL conversations held with all staff regarding our council values and behaviours.
- A standard decision-making report format to ensure that all those responsible for taking decisions have the necessary information on which to do so. Key decisions are also supported by an Integrated Impact Assessment.
- Visual Identity Standard and Guidelines provides specific guidelines and standards for NLC employees to apply across all forms of communication and media.
- A Code of Practice for Employees for declaring interests and registering gifts and hospitality.
- On its website a register of Members' interest is published.

- A standing agenda item to record members' declaration of interests. Minutes show declarations of interest were sought, and appropriate declarations made.
- A Customer Complaints and Comments Policy that is published on the council's website.

<p>Core Principle B: Ensuring openness and comprehensive stakeholder engagement</p>	
<p>Rational: Local government is run for the public good, organisations therefore should ensure openness in their activities. <p>Core Principle C: Defining outcomes in terms of sustainable economic, social, and environmental benefit</p>	
<p>Rationale: The long-term nature and impact of many of local government’s responsibilities mean that it should define and plan outcomes and that these should be sustainable. Decisions should further the organisation’s purpose, contribute to intended benefits and outcomes, and remain within the limits of authority and resources. Input from all groups of stakeholders, including citizens, service users, and institutional stakeholders, is vital to the success of this process and in balancing competing demands when determining priorities for the finite resources available.</p>	<p>To demonstrate its commitment to achieving good governance, North Lincolnshire Council has:</p> <p>Defining Outcomes</p> <ul style="list-style-type: none"> • A Council Plan that sets out the council’s ambitions and defines the outcomes, goals and values for people and place. • Delivery of the Plan is monitored through a Performance Framework that sets out how we monitor performance of the Plan as well as performance over our day-to-day operations. • A regularly reviewed and updated Strategic Needs Assessment which analyses local intelligence and needs analysis about economic, housing, health, wellbeing and social care needs of the local population. • A strategic planning framework that links all strategies and plans to the Council Plan and needs assessment. • Set the budget around the outcomes and priorities.

	<p>Sustainable economic, social and environmental benefits</p> <ul style="list-style-type: none"> • Integrated Impact Assessment used in the decision-making process considers risks and impacts for individuals and communities, for the area and other legal or governance matters to ensure that fair access to service is not adversely affected. • A new Social Value Charter was approved, which helps suppliers and contractors to contribute to the long-term social, economic and environmental wellbeing of residents. • Better Business Case – Best Practice Guide and Support is structured around the Government’s Five Case Model (best practice standard recommended by HM Treasury. Provides an overview of the principles and methodology used in the development of business cases. • An agreed set of principles for the purposes of budget setting.
<p>Core Principle D: Determining the interventions necessary to optimise the achievement of the intended outcomes</p>	
<p>Rationale: Local government achieves its intended outcomes by providing a mixture of legal, regulatory, and practical interventions (courses of action). Determining the right mix of these courses of action is a critically important strategic choice that local government has to make to ensure intended outcomes are achieved. They need robust decision-making mechanisms to ensure that their defined outcomes can be achieved in a way that provides the best trade-off between the various types of resource inputs while still enabling effective and efficient operations. Decisions made need to be reviewed frequently to ensure that achievement of outcomes is optimised.</p>	<p>To demonstrate its commitment to achieving good governance, North Lincolnshire Council has:</p> <p>Determining interventions</p> <ul style="list-style-type: none"> • A financial planning process that determines level of resources to achieve Council priorities and outcomes and meet statutory duties. • A standard decision report format to ensure relevant information to be considered as part of the decision-making process of members and officers. <p>Planning interventions</p> <ul style="list-style-type: none"> • A Strategic Planning Framework that explains how strategic planning is undertaken at NLC and to set out the key principles and associated guidance to help ensure that a consistent and structured approach is undertaken across the council. • A regularly reviewed and published Integrated Strategic Needs Assessment provides an opportunity to identify service developments that will enhance achievement of outcomes and priorities. • Work programmes developed by Overview and Scrutiny committees (Panels) to consider, policy, delivery and impact of decisions. • Performance Management Framework which provides reporting at operational, strategic and executive. • Financial management and reporting processes that enable regular and timely reporting to budget holders, leadership team and Cabinet.

	<p>Optimising achievement of intended outcomes</p> <ul style="list-style-type: none"> • Integrated Strategic Assessment that is structured around four high level outcomes. <p>Core Principle E: Developing the entity's capacity, including the capability of its leadership and the individuals within it</p>	
<p>Rationale: Local government needs appropriate structures and leadership, as well as people with the right skills, appropriate qualifications and mindset, to operate efficiently and effectively and achieve intended outcomes within the specified periods. A local government organisation must ensure that it has both the capacity to fulfil its own mandate and to make certain that there are policies in place to guarantee that its management has the operational capacity for the organisation as a whole. Because both individuals and the environment in which an organisation operates will change over time, there will be a continuous need to develop its capacity as well as the skills and experience of individual staff members. Leadership in local government is strengthened by the</p>	<p>To demonstrate its commitment to achieving good governance, North Lincolnshire Council has:</p> <p>Developing the entity's capacity</p> <ul style="list-style-type: none"> • Regularly reviewed and published employee policies. • #TeamNL Engagement Partnership provides a forum for strategic workforce engagement, with representation from Listening and Learning Group, Be Yourself at Work group, Better 4 You and a range of network groups with representation from senior leadership. • Access to a range of benchmarking information to support resource planning and value for money analysis. • Governance structures for strategic planning of workforce development - Organisational Development People Executive. <p>Developing the capability of the entity's leadership and other individuals</p> <ul style="list-style-type: none"> • Leader and Cabinet political management model is well established and clearly recognises the role of the Mayor and opposition group within the Constitution. • The political management model provides opportunities for non-executive members to focus on their key roles in overview and scrutiny, on regulatory committees, outside bodies and as local community representatives.

<p>Core Principle F: Managing risks and performance through robust internal control and strong public financial management</p>
