2. OFFICER DECISION TAKER	<p>NAME Becky McIntyre</p> <p>POSITION/POST Director of Governance and Partnerships.</p> <p style="text-align: center;"></p> <p>SIGNATURE</p> <p>DATE 5 February 2020</p>
3. REASONS FOR THE DECISION (Please ref to any report/minute/background documents attached)	<p>The 2019-20 Treasury Management Strategy (approved Feb 2019) sets out the Authority's Borrowing Strategy as follows:-</p> <ul style="list-style-type: none"> <input type="checkbox"/> Maintain an under-borrowed position overall <input type="checkbox"/> Undertake smaller, more regular borrowing transactions <input type="checkbox"/> Aim to balance long-term cost and short-term cost of carry <input type="checkbox"/> To borrow for shorter periods if cash flow requires or to defer long term borrowing for a period <p>The Authority currently has an in-year borrowing requirement and wishes to balance long-term borrowing while rates remain historically low with short-term temporary loans to ensure sustainable liquidity levels are maintained.</p> <p>Up to a total of £36 million will be required to be taken over varying periods of up to 36 months by any available route permitted by the Treasury Management Strategy:</p> <p>Up to a total of £10 million will further be required to be taken over varying periods of up to 50 years by any available route permitted by the Treasury Management Strategy:</p>
4. ALTERNATIVE OPTIONS CONSIDERED AND REJECTED (BY DECISION TAKER(S))	<p>Public Works Loan Board (PWLB) has historically been the default option for such borrowing but in October 2019 increased its margin above gilts to 180bps. This wider spread has allowed private lenders back into the LA space but levels and structures are still to settle. In order to allow this time to happen we are using the Local Authority market to fund need through to financial year end. This will allow time for proper consideration of new</p>

	<p>market offers</p> <p>An allowance for borrowing over 3 years in duration is still included to allow for any acceptable offers from lenders to be progressed and for PWLB to still be transacted should that be necessary.</p> <p>The Authority's current Liability Benchmark also indicates a sizeable borrowing requirement over the next few years to fund planned Capital Programme spend and Reserve drawdowns although management of this need will again be structured through future Borrowing Decisions. This transaction is solely to meet immediate cash flow need.</p>
